Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or are treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from balance billing. In these cases, you shouldn't be charged more than your plan's copayments, coinsurance and/or deductible.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain [out-of-pocket costs](#), like a [copayment](#), [coinsurance](#), or [deductible](#). You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

"Out-of-network" means providers and facilities that haven't signed a contract with your health plan to provide services. Out-of-network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called "**balance billing**." This amount is likely more than in-network costs for the same service and might not count toward your plan's deductible or annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service.

You're protected from balance billing for:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is your plan's in-network cost-sharing amount (such as copayments, coinsurance, and deductibles). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers can bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other types of services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get out-of-network care. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have these protections:

- You're only responsible for paying your share of the cost (like the copayments, coinsurance, and deductible that you would pay if the provider or facility was in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.
- Generally, your health plan must:
 - Cover emergency services without requiring you to get approval for services in advance (also known as "prior authorization").
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your in-network deductible and out-of-pocket limit.

If you think you've been wrongly billed, contact www.cms.gov/nosurprises/consumers or call the No Surprises Help Desk at 1-800-985-3059.

Visit www.cms.gov/nosurprises/consumers for more information about your rights under federal law.

Introduction

This Booklet provides the written description of the terms and benefits of coverage available under the Plan. The administrative services contract between Your employer and Regence BlueShield (called the "Agreement") contains all the terms of coverage. Your employer has a copy.

This Booklet describes benefits effective **January 1, 2024**, or the date Your coverage became effective. This Booklet replaces any plan description, Booklet or certificate previously issued by Regence BlueShield and makes it void. The "identification card" issued to You includes Your name and Your identification number for this coverage. Present Your identification card to Your Provider before receiving care.

In this Booklet, the term "Claims Administrator" refers to Regence BlueShield and the term "Plan Sponsor" refers to Your employer. References to "You" and "Your" refer to the Participant and/or Dependents. Other terms are defined in the Definitions Section or where they are first used and are designated by the first letter being capitalized.

EMPLOYER PAID BENEFITS

This self-funded group health plan (hereafter referred to as "Plan") is an employer-paid benefits plan administered by the Claims Administrator. The Claims Administrator provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims. This means that the Plan Sponsor, not Regence BlueShield, pays for Your covered medical services and supplies. Your claims will be paid only after the Plan Sponsor provides the Claims Administrator with the funds to pay Your benefits and pay all other charges due under the Plan.

Notice of Privacy Practices: Regence BlueShield has a Notice of Privacy Practices that is available by calling Customer Service or visiting the website listed below.

Understanding Your Benefits

This section provides information to help You understand the terms Maximum Benefits, Deductibles, Copayments, Coinsurance and Out-of-Pocket Maximum. These terms are types of cost-sharing specific to Your benefits. You will need to refer to the Medical Benefits and Prescription Medications Sections to see what Your benefits are.

MAXIMUM BENEFITS

Some Covered Services may have a specific Maximum Benefit. Those Covered Services will be provided until the specified Maximum Benefit (which may be a number of days, visits, services, supplies, dollar amount or specified time period) has been reached. Refer to the benefits sections to determine if a Covered Service has a specific Maximum Benefit.

You will be responsible for the total billed charges for Covered Services that are in excess of any Maximum Benefits. You will also be responsible for charges for any other services or supplies not covered by this Plan, regardless of the Provider rendering such services or supplies.

DEDUCTIBLES

The Deductible is the amount You must pay each Calendar Year before the Plan will provide payments for Covered Services. Only Allowed Amounts for Covered Services are applied to satisfy the Deductible. There is an individual Deductible amount and a Family Deductible amount.

The Family Deductible is satisfied when any combination of Family members' payments toward each of their individual Deductibles total the Family Deductible amount. No one Family member may contribute more than their individual Deductible amount toward the Family Deductible in a Calendar Year. A Family member does not have to satisfy their individual Deductible if the Family Deductible has already been satisfied.

The Plan does not pay for services applied toward the Deductible. Refer to the benefits section to see what Covered Services are subject to the Deductible. Except as specifically noted otherwise, any amounts You pay for non-Covered Services, Copayments or amounts in excess of the Allowed Amount do not apply toward the Deductible.

If Covered Services are incurred during the last three months of a Calendar Year and are applied toward the Deductible for that year, then any amount for Covered Services applied toward the Deductible during the last three months will be carried forward and applied toward the Deductible for the following year. If the amount applied toward the Deductible for a Claimant in the last three months of a Calendar Year is greater than the Claimant's individual Deductible in the following year (because the following year's Deductible is lower), then the Claimant's individual Deductible for that following year is met. Further, the full amount applied toward the Claimant's individual Deductible in the last three months of the previous year is applied to the Family Deductible for the following year.

COPAYMENTS

Copayments are a specific dollar amount that You pay directly to the Provider at the time You receive a specified service. A Provider may or may not request any applicable Copayment at the time of service. Refer to the benefit sections to see what Covered Services are subject to a Copayment.

COINSURANCE (PERCENTAGE YOU PAY)

Your Coinsurance is the percentage You pay when the Plan's payment is less than 100 percent. The Coinsurance varies, depending on the service or supply You received and who rendered it. Your Coinsurance applies once You have satisfied the Deductible and/or any applicable Copayment for Covered Services up to any Maximum Benefit. Your Coinsurance will be based upon the lesser of either the billed charges or the Allowed Amount. The Plan does not reimburse Providers for charges above the Allowed Amount.

A preferred or participating Provider will not charge You for any balances for Covered Services beyond Your applicable Deductible, Copayment and/or Coinsurance amount. Nonparticipating Providers may bill

You for any balances over the Plan's payment level in addition to any Deductible, Copayment and/or Coinsurance amount (referred to as balance billing).

BALANCE BILLING

Balance billing, also known as surprise billing, occurs when You are billed for balances beyond any Deductible, Copayment and/or Coinsurance for Covered Services provided to You by a nonparticipating Provider when the nonparticipating Provider's billed amount is not fully reimbursed by the Plan. You will not be balance billed for emergency services from a nonparticipating Provider or facility, including post-stabilization services, without your written consent. You will also not be balance billed for air ambulance and for certain non-emergency surgical or ancillary services provided by a nonparticipating Provider at a preferred or participating Hospital or Ambulatory Surgical Center. Non-emergency surgical or ancillary services include emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, and intensivist services. Any amounts You pay for emergency services or for non-emergency surgical or ancillary services will count toward Your Deductible and Out-of-Pocket Maximum.

Ancillary services provided by a nonparticipating independent laboratory, radiologist, anesthesiologist, or pathologist in a facility other than a hospital or ambulatory surgical facility are paid to billed charges.

OUT-OF-POCKET MAXIMUM

The Out-of-Pocket Maximum is the most You could pay in a Calendar Year for Covered Services. Your payments of any Deductible, Copayments and/or Coinsurance apply to the Out-of-Pocket Maximum, unless specified otherwise. There is an individual Out-of-Pocket Maximum amount and a Family Out-of-Pocket Maximum amount.

The Family Out-of-Pocket Maximum is satisfied when any combination of Family members' payments of their cost-shares for Covered Services total the Family Out-of-Pocket Maximum. No one Family member may contribute more than their individual Out-of-Pocket Maximum amount toward the Family Out-of-Pocket Maximum in a Calendar Year. A Family member does not have to satisfy their individual Out-of-Pocket Maximum if the Family Out-of-Pocket Maximum has already been satisfied.

Any amounts You pay for non-Covered Services or amounts in excess of the Allowed Amount do not apply toward the Out-of-Pocket Maximum. For additional information on how Prescription Medications apply to Your Out-of-Pocket Maximum, refer to the Prescription Medications Section. You will continue to be responsible for amounts that do not apply toward the Out-of-Pocket Maximum, even after You reach the Out-of-Pocket Maximum.

Once You reach the Out-of-Pocket Maximum, benefits subject to the Out-of-Pocket Maximum will be paid at 100 percent of the Allowed Amount for the remainder of the Calendar Year. The Coinsurance does not change to a higher payment level or apply to the Out-of-Pocket Maximum for some benefits. Refer to the benefit sections to determine if a Covered Service does not apply to the Out-of-Pocket Maximum.

HOW CALENDAR YEAR BENEFITS RENEW

The Deductible, Out-of-Pocket Maximum and Maximum Benefits are calculated on a Calendar Year basis. Each January 1, those Calendar Year maximums begin again. Some benefits have a separate Maximum Benefit based upon a Claimant's Lifetime and do not renew every Calendar Year.

If the Plan renews on a day other than January 1 of any year, any Deductible or Out-of-Pocket Maximum amounts You satisfied before the Plan's renewal date will carry over into the next plan year. If the Deductible and/or Out-of-Pocket Maximum amounts increase during the Calendar Year, You will need to meet the new requirement minus any amount already satisfied from the previous plan during the same Calendar Year.

Medical Benefits

This section explains Your benefits and cost-sharing responsibilities for Covered Services. Referrals are not required before You can use any of the benefits of this coverage, including women's health care services. Nothing contained in this Booklet is designed to restrict Your choice of Provider for care or treatment of an Illness or Injury. All benefits are listed alphabetically, with the exception of Preventive Care and Immunizations, Office or Urgent Care Center Visits – Illness or Injury, Radiology and Laboratory Services and Other Professional Services.

Medical services and supplies must be Medically Necessary for the treatment of an Illness or Injury (except for any covered preventive care) and received from a Provider practicing within the scope of their license. All covered benefits are subject to the limitations, exclusions, and provisions of this Plan. In some cases, benefits or coverage may be limited to a less costly and Medically Necessary alternative item. A Health Intervention may be medically indicated or otherwise be Medically Necessary, yet not be a Covered Service. See the Definitions Section for descriptions of Medically Necessary and the types of Providers who deliver Covered Services.

If benefits change while You are in the Hospital (or any other facility as an inpatient), coverage will be provided based upon the benefit in effect when the stay began.

Reimbursement may be available for new medical supplies, equipment, and devices You purchase from a Provider or from an approved Commercial Seller, even though that seller is not a Provider. New medical supplies, equipment, and devices, such as a breast pump or wheelchair, purchased through an approved Commercial Seller are covered at the Category 1 benefit level, with reimbursement based on the lesser of either the amount paid to a preferred Provider for that item, or the retail market value for that item. To learn more about how to access an approved Commercial Seller and reimbursable new retail medical supplies, equipment, and devices, visit the Claims Administrator's website or contact Customer Service.

If You choose to access new medical supplies, equipment, and devices through the Claims Administrator's website, the Claims Administrator may receive administrative fees or similar compensation from the Commercial Seller and/or You may receive discounts or coupons for Your purchases. Any such discounts or coupons are complements to the group health plan, but are not insurance.

CASE MANAGEMENT

Case management is a program designed to provide early detection and intervention in cases of serious Illness or Injury that have the potential for continuing major or complex care. Case managers are experienced, licensed health care professionals. They will provide information, support and guidance and will work with Your Physicians or other health care professionals in supporting Your treatment plan and proposing alternative benefits.

PREAUTHORIZATION

Some Covered Services may require preauthorization. Those services require contracted Providers to obtain preauthorization from the Claims Administrator before providing such services to You. You will not be penalized if the contracted Provider does not obtain preauthorization from the Claims Administrator in advance and the service is determined to be not covered.

Non-contracted Providers are not required to obtain preauthorization from the Claims Administrator prior to providing services. You may be responsible for the cost of services provided by a non-contracted Provider if those services are not Medically Necessary or a Covered Service. You may request that a non-contracted Provider preauthorize services on Your behalf to determine Medical Necessity prior to receiving those services.

A complete list of services and supplies that must be preauthorized may be obtained from the Claims Administrator by visiting the Claims Administrator's website at: https://www.regence.com/web/regence_provider/pre-authorization or by calling 1 (855) 877-0477.

PREVENTIVE VERSUS DIAGNOSTIC SERVICES

Covered Services may be either preventive or diagnostic. "Preventive" care is intended to prevent an illness, injury or to detect problems before symptoms are noticed. "Diagnostic" care treats, investigates or diagnoses a condition by evaluating new symptoms, following up on abnormal test results or monitoring existing problems.

Your Provider's classification of the service as either preventive or diagnostic and any other terms in this Booklet will determine the benefit that applies. For example, colonoscopies and mammograms are covered in the Preventive Care and Immunizations benefit if Your Provider bills them as preventive and they fall within the recommendations identified in that benefit. Otherwise, colonoscopies and mammograms are covered elsewhere in the Medical Benefits Section. You may want to ask Your Provider why a Covered Service is being performed or requested.

In the event any of these bodies adopts a new or revised recommendation, this Plan has up to one year before coverage of the related services must be available and effective under this benefit.

An Emergency Fill is only applicable when:

- the dispensing pharmacy cannot reach the Claims Administrator's prior authorization department by phone as it is outside of business hours; or

You are not responsible for any applicable Deductible, Copayment and/or Coinsurance when You fill prescriptions at a Participating Pharmacy for specific strengths or quantities of medications that are specifically designated as preventive medications by the USPSTF or HRSA, or for contraceptives or immunizations, as specified above. NOTE: The applicable Deductible, Copayment and/or Coinsurance as listed in this Prescription Medications Section will apply for preventive medications, contraceptives, and immunizations from a Nonparticipating Pharmacy.

FDA-approved over-the-counter contraceptive drugs, devices, and products are available from a Participating Pharmacy without a prescription and with no cost-sharing. However, You must submit a claim for reimbursement for the purchase of such items. To receive reimbursement for these items, complete a Drug Claim Form and submit to the Claims Administrator for processing. The Drug Claim Form may be found at <https://regence.myprime.com/v/RBW/COMMERCIAL/en/forms.html>.

Also, if Your Provider believes that the covered preventive medications are medically inappropriate for You, You may request a coverage exception for a different preventive medication by contacting Customer Service.

For a complete list of medications, visit the Claims Administrator's website or contact Customer Service.

Drugs prescribed for a use other than that stated in its FDA approved labelling, commonly referred to as off-label, will be covered as any other drug subject to the Drug List.

PRESCRIPTION MEDICATION COST-SHARE ASSISTANCE

Your Plan Sponsor has coordinated with an alternate funding service to provide a cost-share assistance program for a select list of Prescription Medications. The program is separate from Your benefits under this Plan and is designed to reduce or eliminate any out-of-pocket expenses for qualifying Prescription Medications. If You are eligible to participate, the Claims Administrator will contact You and help You enroll. Upon enrollment in the program, a review will be conducted to locate cost-sharing assistance for You based on Your specific Prescription Medication. If cost-sharing assistance is identified and You are eligible but choose not to enroll, You will be responsible for any Deductible, Copayment, and/or Coinsurance as explained in this Prescription Medications Section. Whether You choose to enroll in the program or not, Your cost-sharing responsibility under this Prescription Medication Benefit will remain the same throughout the Calendar Year.

PRESCRIPTION MEDICATIONS CLAIMS AND ADMINISTRATION

Preauthorization

Some Prescription Medications may require preauthorization before they are dispensed. The Claims Administrator notifies Category 1 and Category 2 Providers and Participating Pharmacies which Prescription Medications require preauthorization. Prescription Medications that require preauthorization must have medical information provided by the prescribing Provider to determine Medical Necessity. Prescribed Medications that require preauthorization will not be covered until they are preauthorized. For a list of medications that require preauthorization or if You have any questions, visit the Claims Administrator's website or contact Customer Service.

Drug List Changes

Any removal of a Prescription Medication from the Drug List will be posted on the Claims Administrator's website 30 days prior to the effective date of that change unless the removal is done on an emergency basis or if an equivalent Generic Medication becomes available without prior notice. In the case of an emergency removal, the change will be posted as soon as possible.

If You are taking a Prescription Medication while it is removed from the Drug List and its removal was not due to the Prescription Medication being removed from the market, becoming available over-the-counter or issuance of a black box warning by the Federal Drug Administration, the Plan will continue to cover Your Prescription Medication for the time period required to use the Drug List exception process to request continuation of coverage for the removed Prescription Medication and receive a decision through that process, unless patient safety requires an expedited replacement.

Drug List Exception Process

Non-Drug List medications are not covered by Your Prescription Medications benefit. However, a Prescription Medication not on the Drug List may be covered in certain circumstances.

"Non-Drug List" means those self-administered Prescription Medications not listed on the Drug List.

To request coverage for a Prescription Medication not on the Drug List, You or Your Provider will need to request preauthorization so that the Claims Administrator can determine that a Prescription Medication not on the Drug List is Medically Necessary. Your Prescription Medication not on the Drug List may be considered Medically Necessary if:

- medication policy criteria are met, if applicable;
- You are not able to tolerate a covered Prescription Medication(s) on the Drug List;
- Your Provider determines that the Prescription Medication(s) on the Drug List is not therapeutically effective for treating Your covered condition; or
- Your Provider determines that a dosage required for effective treatment of Your covered condition differs from the Prescription Medication on the Drug List dosage limitation.

The specific medication policy criteria to determine if a Prescription Medication not on the Drug List is Medically Necessary are available on the Claims Administrator's website. You or Your Provider may request preauthorization by calling Customer Service or by completing and submitting the form on the Claims Administrator's website.

Once preauthorization has been approved, the Prescription Medication not on the Drug List will be available for coverage at the Substituted Medication Copayment and/or Coinsurance level determined by Your Plan and will apply toward any Deductible or Out-of-Pocket Maximum.

Pharmacy Network Information

A nationwide network of Participating Pharmacies is available to You. You can find Participating Pharmacies on the Claims Administrator's website or by contacting Customer Service. There are more than 1,200 Participating Pharmacies in the Claims Administrator's Washington State network from which to choose.

You must present Your identification card to identify Yourself as a Claimant when obtaining Prescription Medications from a Pharmacy or Home Delivery Supplier. If You do not present Your identification card You may be charged more than the Covered Prescription Medication Expense.

Claims Submitted Electronically

Participating Pharmacies will submit claims electronically. If a Nonparticipating Pharmacy provides Your Prescription Medication and submits the claim electronically, the Nonparticipating Pharmacy will be paid directly. Nonparticipating Pharmacies, however, may charge amounts in excess of Covered Prescription Medication Expenses. If that happens, You will be responsible for the excess amounts, as well as any Deductible, Copayment and/or Coinsurance shown electronically to the Nonparticipating Pharmacy at the time of purchase.

Claims Not Submitted Electronically

It is best to use a Participating Pharmacy so Your claims can be submitted electronically, and so You won't have to pay the difference between the Pharmacy's charges and the Covered Prescription Medication Expense in addition to Your Deductible, Copayment and/or Coinsurance.

However, when a claim is not submitted electronically, You must pay for the Prescription Medication in full at the time of purchase. For reimbursement, complete a Prescription Medication claim form and mail a copy of the form and the Prescription Medication receipt to the Claims Administrator. To find the Prescription Medication claim form, visit the Claims Administrator's website or contact Customer Service.

You will be reimbursed based on the Covered Prescription Medication Expense, minus the applicable Deductible, Copayment and/or Coinsurance that would have been required had the medication been purchased from a Participating Pharmacy.

Home Delivery

You can use home delivery services to purchase covered Prescription Medications. Home delivery coverage applies when Prescription Medications are purchased from a Home Delivery Supplier and the claim is submitted electronically. Not all Prescription Medications are available from Home Delivery Suppliers.

To buy Prescription Medications through the mail, send all of the following items to the Home Delivery Supplier at the address shown on the prescription home delivery form (which also includes refill instructions) available on the Claims Administrator's website or from the Plan Sponsor:

- a completed prescription home delivery form;
- any Deductible, Copayment and/or Coinsurance; and
- the original Prescription Order.

Prescription Medications Dispensed by Excluded Pharmacies

The Claims Administrator does not permit excluded Pharmacies to submit claims after the excluded Pharmacies have been added to the Office of the Inspector General (OIG) list. A Pharmacy may be excluded if it has been investigated by the OIG and appears on the OIG's exclusion list.

You will be notified if You are receiving medications from a Pharmacy that is later determined to be an excluded Pharmacy so that You may obtain future Prescription Medications from a non-excluded Pharmacy. Up to the time of notification, Your previously submitted claims will still be processed.

Refills

Refills obtained from:

- a Pharmacy are covered when You have taken 75 percent of the previous prescription or 70 percent of the previous topical ophthalmic prescription;
 - except, Schedule II or III controlled substance medications may be refilled only after You have taken 85 percent of the previous prescription.
- a Pharmacy or Home Delivery Supplier for FDA-approved contraceptive drugs are covered for up to a 12-month supply;
- a Home Delivery Supplier, other than for FDA-approved contraceptive drugs, are covered after You have taken all but 20 days of the previous Prescription Order.

However, if You:

- choose to refill Your Prescription Medications sooner, You will be responsible for the full cost of the Prescription Medication and those costs will not apply toward any Deductible and/or Out-of-Pocket Maximum.
- feel You need a refill sooner than allowed, a refill exception will be considered on a case-by-case basis. You may request an exception by calling Customer Service.
- receive maintenance medications for chronic conditions, You may qualify for prescription refill synchronization which allows refilling Prescription Medications on the same day of the month. For further information on prescription refill synchronization, call Customer Service.

Discounts or Manufacturer Coupons

Any reduction in Your cost-sharing resulting from the use of any discount or a drug manufacturer coupon may not apply toward Your Out-of-Pocket Maximum.

LIMITATIONS

The following limitations apply to this Prescription Medications Section, except for certain preventive medications as specified in Covered Preventive Medications, Contraceptives and Immunizations:

Prescription Medication Supply Limits

- **30-Day Supply Limit:**

- **Specialty Medications** – the largest allowable quantity for a Specialty Medication (including Preferred) is a 30-day supply. The first fill is allowed at a Pharmacy. Additional fills must be purchased from a Specialty Pharmacy. However, some Specialty Medications must have the first and subsequent fills at a Specialty Pharmacy. For more information on those medications, visit the Claims Administrator's website or contact Customer Service. Specialty medications are not allowed through Home Delivery Suppliers.
- **Nonparticipating Pharmacy** – except as specifically provided below, a 30-day supply is the largest allowable quantity of a Prescription Medication that You may purchase from a Nonparticipating Pharmacy and for which a single claim may be submitted. The largest allowable quantity of a covered maintenance medication purchased from a Nonparticipating Pharmacy is a 90-day supply. A Provider may prescribe or You may purchase some medications in smaller quantities.
- **90-Day Supply Limit:**
 - **Participating Pharmacy** – the largest allowable quantity of a Prescription Medication purchased from a Participating Pharmacy is a 90-day supply. A Provider may prescribe or You may purchase some medications in smaller quantities. The Copayment and/or Coinsurance is based on each 30-day supply.
 - **Home Delivery Supplier** – the largest allowable quantity of a Prescription Medication purchased from a Home Delivery Supplier is a 90-day supply. A Provider may prescribe or You may purchase some medications in smaller quantities.
 - **Multiple-Month Supply** – the maximum number of days for a covered Prescription Medication that is packaged in a multiple-month supply and is purchased from a Participating Pharmacy is a 90-day supply (even if the manufacturer packaging includes a larger supply). The Copayment and/or Coinsurance is based on the Prescription Order up to a 34-day supply within that multiple-month supply.
- **Maximum Quantity Limit:**
 - For certain Prescription Medications, the Claims Administrator establishes maximum quantities other than those described previously. This means that, for those medications, there is a limit on the amount of medication that will be covered during a period of time. The Claims Administrator uses information from the FDA and from scientific publications to establish these maximum quantities. When You take a Prescription Order to a Participating Pharmacy or request a Prescription Medication refill and use Your identification card, the Pharmacy will let You know if a quantity limitation applies to the medication. You may also find out if a limit applies by contacting Customer Service.
 - For certain Self-Administrable Cancer Chemotherapy Medications, due to safety factors and the Claimant's ability to tolerate these medications, the Prescription Medication may be reduced to an initial 14-day or 15-day supply before larger quantities are dispensed.
 - Any amount over the established maximum quantity is not covered, except if the Claims Administrator determines the amount is Medically Necessary. The prescribing Provider must provide medical information in order to establish whether the amount in excess of the established maximum quantity is Medically Necessary.

"Equivalent" means the FDA ensures that the Generic Medication has the same active ingredients, meets the same manufacturing and testing standards, and is as safe and as effective as the Brand-Name Medication. Self-Administrable Cancer Chemotherapy Medications include oral Prescription Medications used to kill or slow the growth of cancerous cells. Information from the manufacturer, scientific literature, practice standards, Medicare practices, Medical Necessity and other information that is considered a relevant and reliable indication of safety and acceptability is used to determine a Self-Administrable Medication. Your status, such as Your ability to administer the medication, will not be considered when determining whether a medication is self-administrable.

This includes any claims resolved as a result of a disputed claim settlement.

If an Illness or Injury could be considered work-related, a Claimant will be required to file a claim for workers' compensation benefits before the Claims Administrator will consider providing any benefits under this coverage.

Claims Administration

This section explains administration of benefits and claims, including situations that may arise when Your health care expenses are the responsibility of a source other than the Plan. Payment of benefits will be made in accordance with the terms and conditions of this Booklet.

SUBMISSION OF CLAIMS AND REIMBURSEMENT

When claims are submitted and payment is due, the Claims Administrator decides whether to pay You, the Provider, or You and the Provider jointly subject to any legal requirements.

Category 1 and Category 2 Claims and Reimbursement

You must present Your identification card to a preferred or participating Provider and furnish any additional information requested. The Provider will submit the necessary forms and information to the Claims Administrator for processing Your claim.

A preferred or participating Provider will be paid directly for Covered Services. These Providers may require You to pay any Deductible, Copayment and/or Coinsurance at the time You receive care or treatment. Preferred and participating Providers have agreed not to bill You for balances beyond any Deductible, Copayment and/or Coinsurance and to accept the Allowed Amount as payment in full for Covered Services.

Category 3 Claims and Reimbursement

In order for the Claims Administrator to pay for Covered Services, You or the nonparticipating Provider must first send the Claims Administrator a claim. Be sure the claim is complete and includes the following information:

- an itemized description of the services given and the charges for them;
- the date treatment was given;
- the diagnosis;
- the patient's name;
- Your identification number; and
- the group number.

If the treatment is for an Injury, include a statement explaining the date, time, place and circumstances of the Injury when You send the Claims Administrator the claim.

The Claims Administrator's standard policy is to make payment for nonparticipating Provider claims directly to the Provider or, with submission of sufficient documentation that the Claimant has already "paid in full," solely to the Claimant.

Nonparticipating Providers have not agreed to accept the Allowed Amount as payment in full for Covered Services. You may be responsible for paying any difference between the amount billed by the nonparticipating Provider and the Allowed Amount in addition to any amount You must pay due to any Deductible, Copayment and/or Coinsurance. For nonparticipating Providers, the Allowed Amount may be based upon the billed charges for some services, as determined by the Claims Administrator or as otherwise required by law.

Timely Filing of Claims

Written proof of loss (submission of a claim) must be received within one year after the date of service. Claims that are not filed in a timely manner will be denied, unless You can reasonably demonstrate that the claim could not have been filed in a timely manner. Benefits or coverage will not be invalidated nor reduced if it can be shown that it was not reasonably possible to file the claim and that the claim was submitted as soon as reasonably possible. You may Appeal the denial in accordance with the Appeal process to demonstrate that the claim could not have been filed in a timely manner.

Claim Determinations

Within 30 days of the Claims Administrator's receipt of a claim, You will be notified of the action taken. However, this 30-day period may be extended by an additional 15 days due to lack of information or extenuating circumstances. You will be notified of the extension within the initial 30-day period and provided an explanation of why the extension is necessary.

If additional information is required to process the claim, You will be allowed at least 45 days to provide it. If the Claims Administrator does not receive the requested information within the time allowed, the claim will be denied.

CONTINUITY OF CARE

You may qualify to receive 90 days of continued coverage (or 90 days from the date You are no longer a continuing care patient, whichever is earlier) at the Category 1 or Category 2 benefit level, if Your Provider was a contracted preferred or participating Provider, but is no longer contracted (this provision does not apply if the contract with the Provider was terminated due to a failure to meet quality standards or for fraud).

To qualify for continued coverage, You must be:

- undergoing a course of treatment for a certain serious and complex condition from the Provider;
- undergoing a course of institutional or inpatient care from the Provider;
- scheduled to undergo non-elective surgery from the Provider (including postoperative care following surgery);
- pregnant and undergoing a course of treatment for pregnancy from the Provider; or
- determined to be terminally ill and receiving treatment for such illness from the Provider.

The Claims Administrator will notify You of Your right to receive continued care from the Provider or You may contact the Claims Administrator with a need for continued care. Coverage under this Continuity of Care provision will be subject to the benefits of this Plan and provided on the same terms and conditions as any other preferred or participating Provider. Your Provider must accept the Allowed Amount and cannot bill You for any amount beyond any Deductible, Copayment and/or Coinsurance. Contact the Claims Administrator's Customer Service for further information and guidance.

OUT-OF-AREA SERVICES

The Claims Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association. Whenever You access health care services outside the geographic area the Claims Administrator serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When You receive care outside of the Claims Administrator's Service Area, You may receive it from Providers as described below. Providers contracted with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue") as a preferred Provider are paid at the preferred Provider level and will not bill You for balances beyond any Deductible, Copayment and/or Coinsurance for Covered Services. Providers that contract with the Host Blue as a participating Provider are paid at the participating Provider level and will not bill You for balances beyond any Deductible, Copayment and/or Coinsurance for Covered Services. Some Providers ("nonparticipating Providers") don't contract with the Host Blue. The section below explains how the Plan pays these different kinds of Providers.

BlueCard Program

In the BlueCard Program, when You receive Covered Services within the geographic area served by a Host Blue, the Claims Administrator will remain responsible for doing what was agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its preferred or participating Providers.

When Covered Services are received outside the Claims Administrator's Service Area and the claim is processed through the BlueCard Program, the amount the Claimant pays for Covered Services is calculated based on the lower of:

- the billed charges for the Covered Services; or
- the negotiated price that the Host Blue makes available to the Claims Administrator.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Claimant's health care Provider. Sometimes, it is an estimated price that takes into account special arrangements with the Claimant's health care Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price the Claims Administrator uses for the Claimant's claim because they will not be applied after a claim has already been paid.

Value-Based Programs

If Covered Services are received under a Value-Based Program inside a Host Blue's service area, the Claimant will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claims Administrator through average pricing or fee schedule adjustments.

For the purpose of this section, the following definitions apply.

- **Value-Based Program:** An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local Providers that is evaluated against cost and quality metrics/factors and is reflected in Provider payment.
- **Provider Incentive:** An additional amount of compensation paid to a healthcare Provider by a Blue Cross and/or Blue Shield Plan, based on the Provider's compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.
- **A Care Coordination Fee** is a fixed amount paid by a Blue Cross and/or Blue Shield Licensee to Providers periodically for Care Coordination under a Value-Based Program.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal law or state law may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, any such surcharge, tax or other fee will be included as part of the claim charge passed on to the Claimant.

Nonparticipating Providers Outside the Claims Administrator's Service Area

- **Liability Calculation.** When Covered Services are provided outside of the Claims Administrator's Service Area by nonparticipating Providers, the amount the Claimant pays for such services will normally be based on either the Host Blue's nonparticipating Provider local payment or the pricing arrangements required by applicable state law. In these situations, the Claimant may be responsible for the difference between the amount that the nonparticipating Provider bills and the payment that will be made for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for nonparticipating emergency services.
- **Exceptions.** In certain situations, other payment methods may be used, such as billed covered charges, the payment that would have been made if the health care services had been obtained within the Claims Administrator's Service Area, or a special negotiated payment to determine the amount that will be paid for services provided by nonparticipating Providers. In these situations, the Claimant may be liable for the difference between the amount that the nonparticipating Provider bills and the payment the Claims Administrator will make for the Covered Services as set forth in this paragraph.

BLUE CROSS BLUE SHIELD GLOBAL® CORE

If You are outside the United States You may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the United States in certain ways. For instance, although Blue Cross Blue Shield Global Core assists You with accessing a network of inpatient, outpatient and professional Providers, the network is not served by a Host Blue. As such, when You receive care from Providers outside the United States, You will typically have to pay the Providers and submit the claims Yourself to obtain reimbursement for these services.

If You need medical assistance services (including locating a doctor or Hospital) outside the United States, You should call the service center at 1 (800) 810-BLUE (2583) or call collect at 1 (804) 673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, will arrange a Physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if You contact the service center for assistance, Hospitals will not require You to pay for covered inpatient services, except for Your applicable Deductible, Coinsurance, etc. In such cases, the Hospital will submit Your claims to the service center to begin claims processing. However, if You paid in full at the time of services, You must submit a claim to receive reimbursement for Covered Services.

- **Outpatient Services**

Physicians, urgent care centers and other outpatient providers located outside the United States will typically require You to pay in full at the time of services. You must submit a claim to obtain reimbursement for Covered Services.

Submitting a Blue Cross Blue Shield Global Core Claim

When You pay for Covered Services outside the United States, You must submit a claim to obtain reimbursement. For institutional and professional claims, You should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of Your claim. The claim form is available from the Claims Administrator, the service center or online at www.bcbsglobalcore.com. If You need assistance with Your claim submission, You should call the service center at 1 (800) 810-BLUE (2583) or call collect at 1 (804) 673-1177, 24 hours a day, seven days a week.

CLAIMS RECOVERY

If a benefit to which You were not entitled is paid under the Plan, or if a person who is not eligible for benefits at all is paid under the Plan, the Plan has the right to recover the payment from the person paid or anyone else who benefited from it, including a Provider of services. The Plan's right to recovery includes the right to deduct the mistakenly paid amount from future benefits that would have been provided the Participant or any Dependents, even if the mistaken payment was not made on that person's behalf.

If the Plan makes an overpayment to a Provider, the Claims Administrator may reduce payments to the Provider, in the amount of the overpayment, for otherwise Covered Services for current and/or future Provider claims on Your or Your Dependents' behalf. If a Provider to whom an overpayment was made has patients who are participants in other health plans insured or administered by the Claims Administrator, the Claims Administrator may reduce payments otherwise owed to the Provider from such other health plans by the amount of the overpayment.

The Claims Administrator regularly works to identify and recover claims payments that should not have been made (for example, claims that are the responsibility of another, duplicates, errors, fraudulent claims, etc.). All recovered amounts will be credited to the Plan.

This Claims Recovery provision in no way reduces the Plan's right to reimbursement or subrogation. Refer to the Subrogation and Right of Recovery provision for additional information.

SUBROGATION AND RIGHT OF RECOVERY

The provisions of this section apply to all current or former Plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. No adult covered person hereunder may assign any rights that they may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the Plan. These provisions will apply to all claims arising from Your Illness or Injury, including, but not limited to, wrongful death, survival or survivorship claims brought on Your, Your estate's or Your heirs' behalf, regardless of whether medical expenses were or could be claimed. "You" or "Your" includes anyone on whose behalf the Plan pays benefits.

The Plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to You due to an Injury, Illness or condition for which the Plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, Workers Compensation coverage, no fault automobile coverage or any first party insurance coverage).

Your health Plan is always secondary to automobile no-fault coverage, personal Injury protection coverage, or medical payments coverage, excess coverage or similar contract or insurance.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health Plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The "Right of Subrogation" means the Plan is entitled to pursue any claims that You may have in order to recover the benefits paid by the Plan. Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to (stand in the place of) all of Your rights of recovery with respect to any claim or potential claim against any party, due to an Injury, Illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any recovery it may obtain, even if it files suit in Your name.

Reimbursement

If You receive any payment as a result of an Injury, Illness or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that Injury, Illness or condition, up to and including the full amount of Your recovery. Benefit payments made under the Plan are conditioned upon Your agreement to reimburse the Plan in full from any recovery You receive for Your Injury, Illness or condition.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to You or made on Your behalf to any provider) You agree that if You receive any payment as a result of an Injury, Illness or condition, You will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of Your fiduciary duty to the Plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health Plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of the Illness, Injury or condition upon any recovery whether by settlement, judgment or otherwise, related to treatment for any Illness, Injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the Plan including, but not limited to, You, Your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the Plan.

Assignment

In order to secure the Plan's recovery rights, You agree to assign to the Plan any benefits or claims or rights of recovery You have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim You may have, whether or not You choose to pursue the claim.

First-Priority Claim

By accepting benefits from the Plan, You acknowledge that the Plan's recovery rights are a first priority claim and are to be repaid to the Plan before You receive any recovery for Your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the Plan will result in a recovery which is insufficient to make You whole or to compensate You in part or in whole for the damages sustained. The Plan is not required to participate in or pay Your court costs or attorney fees to any attorney You hire to pursue Your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the Plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses provided by the Plan. The Plan is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering, non-economic damages and/or general damages only. The Plan's claim will not be reduced due to Your own negligence.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. It is Your duty to notify the Plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your Injury, Illness or condition. You and Your agents agree to provide the Plan or its representatives notice of any recovery You or Your agents obtain prior to receipt of such recovery funds or within five days if no notice was given prior to receipt of recovery funds. Further, You and Your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and Your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal Injury litigation. Failure to provide this information, failure to assist the Plan in pursuit of its subrogation rights or failure to reimburse the Plan from any settlement or recovery You receive may result in the denial of any future benefit payments or claim until the Plan is reimbursed in full, termination of Your health benefits or the institution of court proceedings against You.

You shall do nothing to prejudice the Plan's subrogation or recovery interest or prejudice the Plan's ability to enforce the terms of this Plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health Plan's subrogation and reimbursement interest.

You acknowledge that the Plan has the right to conduct an investigation regarding the Injury, Illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

Workers' Compensation

If the entity providing workers' compensation coverage denies Your claim and You have filed an appeal, benefits may be advanced for Covered Services if You agree to hold any recovery obtained in a segregated account for the Plan.

Future Medical Expenses

Benefits for otherwise Covered Services may be excluded when You have received a recovery from another source relating to an Illness or Injury for which benefits would normally be provided. However,

the amount of any Covered Services excluded under this provision will not exceed the amount of Your recovery.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the Plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the Plan, You agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the Plan may elect. By accepting such benefits, You hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of Your present or future domicile. By accepting such benefits, You also agree to pay all attorneys' fees the Plan incurs in successful attempts to recover amounts the Plan is entitled to under this section.

MAINTENANCE OF BENEFITS

The Maintenance of Benefits (MOB) provision applies when You have health care coverage under more than one plan (This Plan and an Other Plan). These plans are defined below.

The order of benefit determination rules govern the order which each plan will pay a claim for benefits. The plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms without regard to the possibility that an Other Plan may cover some expenses. The plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all plans do not exceed 100 percent of the total Allowable Expense.

Maintenance of benefits is the form of coordination used by This Plan and it is important to note that this Maintenance of Benefits provision limits what This Plan will pay when it is in other than the Primary Plan position so that This Plan's payment will not cause the total benefits available under all plans to exceed what This Plan would have paid if it had been primary. This means that it is not necessarily advantageous for Your dependents to enroll under multiple plans because the total payments from all plans may not be more than what would have been paid had This Plan been the only coverage.

Definitions

For the purpose of this section, the following definitions shall apply:

Other Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no coordination of benefits among those separate contracts. However, if coordination of benefits rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which coordination of benefits does not apply is treated as a separate plan.

- Other Plan includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.
- Other Plan does not include: Hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under the above bullet points is a separate plan. If a plan has two parts and coordination of benefits rules apply only to one of the two, each of the parts is treated as a separate plan.

This Plan means the part of the Booklet providing the health care benefits to which the MOB provision applies and which may be reduced because of the benefits of Other Plans. Any other part of the Booklet providing health care benefits is separate from This Plan. A contract may apply one coordination of benefits provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a "Primary Plan" or "Secondary Plan" when You have health care coverage under more than one plan.

Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering You. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering You is not an Allowable Expense.

When Medicare, Part A, Part B, Part C, or Part D is primary, Medicare's allowable amount is the Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable Expense, unless one of the plans provides coverage for private Hospital room expenses.
- If You are covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
- If You are covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

Closed Panel Plan is a plan that provides health care benefits to You in the form of services through a panel of Providers who are primarily employed by the plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or referral by a panel member.

Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.

Order of Benefit Determination Rules

When You are covered by two or more plans, the rules for determining the order of benefit payments are as follows. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any Other Plan. A plan that does not contain a coordination of benefits provision that is consistent with chapter 284-51 of the Washington Administrative Code is always primary unless the provisions of both plans state that the complying plan is primary, except coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the plan provided by the contract holder. Examples include major medical coverages that are superimposed over hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits. A plan may consider the benefits paid or provided by an Other Plan in calculating payment of its benefits only when it is secondary to that Other Plan.

Each plan determines its order of benefits using the first of the following rules that apply:

Non-Dependent or Dependent. The plan that covers You other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the plan that covers You as a dependent is the Secondary Plan. However, if You are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering You as a dependent, and primary to the plan covering You as other than a dependent (for example, a retired employee), then the order of benefits between the two plans is reversed so that the plan covering You as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the Other Plan is the Primary Plan.

Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a child is covered by more than one plan the order of benefits is determined as follows:

- For a child whose parents are married or are living together, whether or not they have ever been married:
 - The plan of the parent whose birthday falls earlier in the Calendar Year is the Primary Plan; or
 - If both parents have the same birthday, the plan that has covered the parent the longest is the Primary Plan.
- For a child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - If a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods commencing after the plan is given notice of the court decree;
 - If a court decree states one parent is to assume primary financial responsibility for the child but does not mention responsibility for health care expenses, the plan of the parent assuming financial responsibility is primary;
 - If a court decree states that both parents are responsible for the child's health care expenses or health care coverage, the provisions of the first bullet point above (for child(ren) whose parents are married or are living together) determine the order of benefits;
 - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the child, the provisions of the first bullet point above (for child(ren) whose parents are married or are living together) determine the order of benefits; or
 - If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The plan covering the Custodial Parent, first;
 - The plan covering the spouse of the Custodial Parent, second;
 - The plan covering the noncustodial parent, third; and then
 - The plan covering the spouse of the noncustodial parent, last.
- For a child covered under more than one plan of individuals who are not the parents of the child, the provisions of the first or second bullet points above (for child(ren) whose parents are married or are living together or for child(ren) whose parents are divorced or separated or not living together) determine the order of benefits as if those individuals were the parents of the child.

Active Employee or Retired or Laid-off Employee. The plan that covers You as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The plan covering You as a retired or laid-off employee is the Secondary Plan. The same would hold true if You are a dependent of an active employee and You are a dependent of a retired or laid-off employee. If the Other Plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

COBRA or State Continuation Coverage. If Your coverage is provided under COBRA or under a right of continuation provided by state or other federal law, the plan covering You as an employee, member, subscriber or retiree or covering You as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the Other Plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

Longer or Shorter Length of Coverage. The plan that covered You as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the plan that covered You the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the plans meeting the definition of This Plan or Other Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of this Plan

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided will not total more than the amount that would have been paid had This Plan been the sole plan.

For example, say You are employed by the Plan Sponsor and You cover Yourself and Your spouse under This Plan, and Your spouse is also covered under their employer's plan. If Your spouse incurs an expense covered under both plans and Your spouse's plan is the Primary Plan, This Plan, when paying as the Other Plan, would either pay the amount which when added to the Primary Plan's payment would equal the amount This Plan would have paid had it been the Primary Plan or nothing if the Primary Plan's payment exceeded the amount This Plan would have paid had it been the Primary Plan.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these MOB rules and to determine benefits payable under This Plan and Other Plans. The Claims Administrator may get the needed facts from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and Other Plans covering You. The Claims Administrator need not tell, or get the consent of, any person to do this. You, to claim benefits under This Plan, must give the Claims Administrator any facts they need to apply those rules and determine benefits payable.

Facility of Payment

If payments that should have been made under This Plan are made by an Other Plan, the amount determined to be appropriate to satisfy the intent of this provision may be remitted to the Other Plan. The amounts paid to the Other Plan are considered benefits paid under This Plan. To the extent of such payments, this Plan is fully discharged from liability.

Right of Recovery

This Plan has the right to recover excess payment whenever it has paid Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. This Plan may recover excess payment from any person to whom or for whom payment was made or any other issuers or plans.

If You are covered by more than one health benefit plan, and You do not know which is Your Primary Plan, You or Your Provider should contact any one of the health plans to verify which plan is primary. The health plan You contact is responsible for working with the other plan to determine which is primary and will let You know within 30 calendar days.

CAUTION: All health plans have timely claim filing requirements. If You or Your Provider fail to submit Your claim to a secondary health plan within that plan's claim filing time limit, the plan can deny the claim. If You experience delays in the processing of Your claim by the primary health plan, You or Your Provider will need to submit Your claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claim processing, if You are covered by more than one plan You should promptly report to Your Providers and plans any changes in Your coverage.

Appeal Process

This provision describes the process for submitting an appeal. You may submit an appeal, as detailed below, if You or Your Representative want a review of a claim denial or other action under the Plan. There are two levels of appeal, as well as additional voluntary appeal levels You may pursue. Situations that require a faster decision may qualify for an expedited appeal.

NOTE: For all appeals, written materials provided in support of the appeal that include others' medical or health records and other personal health information should not be submitted.

WHAT YOU MAY APPEAL

You may appeal an Adverse Benefit Determination. Appeals can be initiated through either written or verbal request using any of the following methods:

Method of Request	Contact Information
Fax	1 (877) 663-7526
Phone	Call the Claims Administrator at 1 (855) 877-0047
Mail	Attn: ASO Appeals and Grievances Regence BlueShield P.O. Box 1106 Lewiston, ID 83501

Each level of appeal, except voluntary external review, must be pursued within 180 days of Your receipt of either the Claims Administrator's determination or the original adverse decision that You are appealing. If You don't appeal within this time period, You will not be able to pursue an appeal. You or Your Representative will be given a reasonable opportunity to provide written materials, including written testimony. If You or Your treating Provider determines that Your health could be jeopardized by waiting for a decision under the regular appeal process, You or Your Provider may request an expedited appeal.

APPEAL DETERMINATION TIMING

Type of Appeal	When to Expect a Response
Internal appeal involving a Post-Service investigational issue	In writing, within 30 days of the Claims Administrator's receipt of the appeal.
Internal appeal involving all other issues, including a Pre-service preauthorization	In writing, within 15 days of the Claims Administrator's receipt of the appeal.

INTERNAL APPEALS

There are two levels of internal appeal reviewed by an employee(s) of the Claims Administrator who was not involved in the initial decision that You are appealing.

First-Level Internal Appeals

First-level appeals are reviewed by an employee(s) of the Claims Administrator who was not involved in the initial decision that You are appealing. In appeals that involve issues requiring medical judgment, the decision is made by the Claims Administrator's staff of health care professionals.

Second-Level Internal Appeals

Second-level appeals are reviewed by an employee(s) of the Claims Administrator who was not involved in, or subordinate to anyone involved in, the initial or the first-level decision.

VOLUNTARY EXTERNAL APPEAL – INDEPENDENT REVIEW ORGANIZATION (IRO)

A voluntary appeal to an IRO is available only after You have exhausted all of the applicable non-voluntary levels of appeal, or if the Claims Administrator has failed to adhere to all claims and internal appeal requirements. Voluntary external appeals are available for:

- issues involving medical judgment, including, but not limited to, those based on the Plan's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a Covered Service; or
- the determination that a treatment is Investigational.

Voluntary external appeals must be requested within four months of Your receipt of the notice of the prior adverse decision. The Claims Administrator coordinates voluntary external appeals, but the decision is made by an IRO at no cost to You. The Claims Administrator will provide the IRO with the appeal documentation. Choosing the voluntary external appeal as the final level to determine an appeal will be binding in accordance with the IRO's decision and this section.

The voluntary external appeal by an IRO is optional, and You should know that other forums may be used as the final level of appeal to resolve a dispute You have under the Plan.

EXPEDITED APPEALS

An expedited appeal is available if one of the following applies:

- the application of regular appeal time frames on a Pre-Service or concurrent care claim could jeopardize Your life, health or ability to regain maximum function; or
- according to a Physician with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the disputed care or treatment.

First-Level Expedited Appeal

The first-level expedited appeal request should state the need for a decision on an expedited basis and must include documentation necessary for the appeal decision. First-level expedited appeals are reviewed by the Claims Administrator's staff of healthcare professionals who were not involved in, or subordinate to anyone involved in, the initial denial determination.

Voluntary External Expedited Appeal – IRO

If You disagree with the decision made in the first-level expedited appeal and You or Your Representative reasonably believes that preauthorization remains clinically urgent (Pre-Service or concurrent), You may request a voluntary external expedited appeal to an IRO. The criteria for a voluntary external expedited appeal to an IRO are the same as described above for a voluntary external appeal.

The Claims Administrator coordinates voluntary external expedited appeals, but the decision is made by an IRO at no cost to You. The Claims Administrator will provide the IRO with the appeal documentation. Choosing the voluntary external expedited appeal as the final level to determine an appeal will be binding in accordance with the IRO's decision and this section.

The voluntary external expedited appeal by an IRO is optional and You should know that other forums may be used as the final level of expedited appeal to resolve a dispute You have under the Plan.

INFORMATION

If You have any questions about the appeal process, contact Customer Service at 1 (855) 877-0047 or write to Customer Service at the following address: Regence BlueShield, P.O. Box 2998, Tacoma, WA 98401-2998 or facsimile 1 (877) 663-7526.

DEFINITIONS SPECIFIC TO THE APPEAL PROCESS

Adverse Benefit Determination means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including when based on a determination of a Participant's or Dependent's eligibility to participate in a Plan, and including, with respect to group health plans, a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational, or not Medically Necessary or appropriate. An Adverse Benefit Determination subject to review also includes a denial or rescission of coverage, and any request that the Claims Administrator reconsider a decision to deny, modify, reduce, or terminate payment, coverage, authorization, or provision of health care services or benefits (i.e., contractual exclusions or limitations), including the admission to, or continued stay in, a health care facility.

Independent Review Organization (IRO) is an independent Physician review organization that acts as the decision-maker for voluntary external appeals and voluntary external expedited appeals and that is not controlled by the Claims Administrator.

Post-Service means a request to change an Adverse Benefit Determination for care or services that have been received, or any claim for benefits that is not considered Pre-Service.

Pre-Service means any claim for benefits which the Claims Administrator must approve in advance, in whole or in part, in order for a benefit to be paid.

Representative means someone who represents You for the appeal. The Representative may be an attorney, Your authorized Representative, or a treating Provider. It may also be another party, such as a family member, as long as You or Your legal guardian authorize in writing, disclosure of personal information for the appeal. No authorization is required from the parent(s) or legal guardian of an enrolled dependent child who is less than 13 years old. For expedited appeals only, a health care professional with knowledge of Your medical condition is recognized as Your Representative. Even if You have previously designated a person as Your Representative for a previous matter, an authorization designating that person as Your Representative in a new matter will be required (but redesignation is not required for each appeal level). If no authorization exists and is not received in the course of the appeal, the determination and any personal information will only be disclosed to You, Your Representative, or Your treating Provider.

Eligibility and Enrollment

This section explains how to enroll Yourself and/or Your eligible dependents when first eligible, during a period of special enrollment or during an annual open enrollment period. It describes when coverage under the Plan begins for You and/or Your eligible dependents. Payment of any corresponding monthly costs is required for coverage to begin on the indicated dates.

INITIALLY ELIGIBLE AND WHEN COVERAGE BEGINS

You will be entitled to enroll in coverage for Yourself and Your eligible dependents within 30 days of initially becoming eligible for coverage per the eligibility requirements in effect with the Plan Sponsor and as stated in the following paragraphs. Coverage for You and Your enrolling eligible dependents will begin on the Effective Date.

If You and/or Your eligible dependents do not enroll for coverage under the Plan when first eligible or You do not enroll in a timely manner, You and/or Your eligible dependents must wait until the next annual open enrollment period to enroll, except as described in the Special Enrollment provision below.

Retiree Eligibility

Within 30 days of retirement, retirees may elect medical and/or dental coverage. If You do not elect to enroll or continue the City of Tacoma's group health insurance, or if You elect to cancel Your coverage at any time, You will no longer be eligible to return to a City of Tacoma retiree plan. During the annual open enrollment period, retirees who maintain medical coverage may switch plans and add or drop eligible dependents.

At age 65, employees are eligible for Medicare coverage and are no longer eligible for benefits under the City of Tacoma group plan with Regence BlueShield. An employee whose birthday is on or after the second day of the month will be entitled to Medicare coverage effective the first day of that month. For an employee whose birthday is the first of the month, Medicare coverage will be effective from the first day of the previous month. Medicare is the basic coverage plan for employees age 65 and over. Employees may purchase Supplement to Medicare coverage through Regence BlueShield or another carrier.

Retiree Dependent Eligibility

Your eligible spouse and eligible children up to age 26 may be enrolled at your retirement. Thereafter, your eligible spouse and eligible children may not enroll for coverage until the next open enrollment period. Open enrollment requests and inquiries should be directed to the Benefits Office.

Dependents

Your Dependents are eligible for coverage when You have listed them on the enrollment form or on subsequent change forms and when the Claims Administrator has enrolled them in coverage under the Plan. Dependents are limited to the following:

- The person to whom You are legally married (spouse).
- Your domestic partner. Note: beginning January 2017, Your domestic partner must be registered with the State of Washington. The Plan Sponsor will grandfather and continue to recognize domestic partnerships on file as of December 31, 2016, until the dissolution of the domestic partnership, or the separation of the employee, whichever occurs first.
- Your (or Your spouse's or Your domestic partner's) child who is under age 26 and who meets any of the following criteria:
 - Your (or Your spouse's or Your domestic partner's) natural child, stepchild, adopted child or child legally placed with You (or Your spouse or Your domestic partner) for adoption;
 - a child for whom You (or Your spouse or Your domestic partner) have court-appointed legal guardianship; and
 - a child for whom You (or Your spouse or Your domestic partner) are required to provide coverage by a legal qualified medical child support order (QMCSO).

- Your (or Your spouse's or Your domestic partner's) otherwise eligible child who is age 26 or over and incapable of self-support because of physical, mental or developmental disability that prevents the child from establishing or maintaining consistent employment or independence that began before their 26th birthday, if You complete and submit the Claims Administrator's affidavit of dependent eligibility form, with written evidence of the child's incapacity, within 31 days of the later of the child's 26th birthday or Your Effective Date and either:
 - they are a Dependent immediately before their 26th birthday; or
 - their 26th birthday preceded Your Effective Date and the child has been continuously covered as a dependent on either a parent's or legal guardian's group, individual, or other insurance plan (including public programs) coverage since that birthday; or
 - newly hired employees wishing to enroll an eligible Dependent must also be able to demonstrate that the Dependent child has been covered on a group, individual, or other insurance plan (including public programs) immediately prior to enrollment on this plan.

The Claims Administrator's affidavit of dependent eligibility form is available by visiting their website or by calling Customer Service. The Claims Administrator may request updates on the child's disability at reasonable times as considered necessary (but this will not be more often than annually following the dependent's 28th birthday).

NEWLY ELIGIBLE DEPENDENTS

You may enroll a dependent who becomes eligible for coverage after Your Effective Date by completing and submitting an enrollment request to the Claims Administrator. Application for enrollment of a new child by birth, adoption or Placement for Adoption must be made within 60 days of the date of birth, adoption or Placement for Adoption if payment of additional premium is required to provide coverage for the child. Application for enrollment of all other newly eligible dependents must be made within 30 days of the dependent's attaining eligibility. Coverage for such dependents will begin on their Effective Dates. For a new child by birth, the Effective Date is the date of birth. For a new child adopted or placed for adoption within 60 days of birth, the Effective Date is the date of birth, if any associated additional premium has been paid within 60 days of birth. The Effective Date for any other child by adoption or Placement for Adoption is the date of Placement for Adoption. For other newly eligible dependents, the Effective Date is the first day of the month following the date of the event.

NOTE: The regular benefits of the Plan will be provided for a newborn child for up to 21 days following birth when delivery of the child is covered under the Plan. Such benefits will not be subject to enrollment requirements for a newborn as specified here, or the payment of a separate charge for coverage of the child. Coverage, however, is subject to all provisions, limitations and exclusions of the Plan. No benefits will be provided after the 21st day unless the newborn is enrolled according to the enrollment requirements for a newborn.

SPECIAL ENROLLMENT

There are certain situations when You may enroll Yourself and/or Your eligible dependents, even though You didn't do so when first eligible, and You do not have to wait for an annual open enrollment period.

Note that loss of eligibility does not include a loss because You failed to timely pay Your portion of the cost of coverage or when termination of coverage was because of fraud. It also doesn't include Your decision to terminate coverage, though it may include Your decision to take another action (for example, terminating employment) that results in a loss of eligibility.

If You declined coverage when first eligible, You (unless already enrolled), Your spouse (or Your domestic partner) and any eligible children are eligible to enroll for coverage under the Plan within 30 days from the date of one of the following qualifying events:

- You and/or Your eligible dependents lose coverage under another group or individual health benefit plan due to one of the following:
 - an employer's contributions to that other plan are terminated;
 - exhaustion of federal COBRA or any state continuation; or

- loss of eligibility, for instance, due to legal separation, divorce, termination of domestic partnership, death, termination of employment or reduction in hours, or meeting or exceeding the lifetime limit on all benefits on a former plan.
- You and/or Your eligible dependent lose coverage due to no longer residing, living, or working in the service area of that coverage (and, if the coverage is in the group market, no other benefit package was available through the sponsoring entity).
- You involuntarily lose coverage under Medicare, CHAMPUS/Tricare, Indian Health Service or a publicly sponsored or subsidized health plan (other than the Children's Health Insurance Program (CHIP), see below).
- You lose coverage under Medicaid or the Children's Health Insurance Program (CHIP). NOTE: If the qualifying event is involuntary loss of coverage with Medicaid or CHIP, You have 60 days from the date of the qualifying event to enroll.

For the above qualifying events, if enrollment is requested as specified, coverage will be effective on the first of the calendar month following the date of the qualifying event.

If You declined coverage when first eligible, You, (unless already enrolled), Your spouse (or Your domestic partner) and any eligible children are eligible to apply for coverage under the Plan within 30 days from the date You marry or begin a domestic partnership.

If You declined coverage when first eligible, You (unless already enrolled), Your spouse (or Your domestic partner) and any eligible children are eligible to enroll for coverage under the Plan within 60 days from the date of one of the following qualifying events:

- You acquire a new child by birth, adoption, or Placement for Adoption; or
- You and/or Your dependent(s) become eligible for premium assistance under Medicaid or the Children's Health Insurance Program (CHIP) , or the Washington State Department of Social and Health Services (DSHS) determines that it is cost-effective for an eligible Dependent to have coverage under the Plan.

For the above qualifying events, if enrollment is requested as specified, coverage will be effective on the first of the calendar month following the date of the qualifying event, except that where the qualifying event is a child's birth, adoption, or Placement for Adoption, coverage is effective from the date of the birth, adoption or placement.

ANNUAL OPEN ENROLLMENT PERIOD

The annual open enrollment period is the only time, other than initial eligibility or a special enrollment period, during which You and/or Your eligible dependents may enroll. You must submit an enrollment form on behalf of all individuals You want enrolled. Coverage will begin on the Effective Date.

DOCUMENTATION OF ELIGIBILITY

You must promptly provide (or coordinate) any necessary and appropriate information to determine the eligibility of a dependent. Such information must be received before enrolling a person as a dependent under the Plan.

When Coverage Ends

This section describes the situations when coverage will end for You and/or Your Dependents. You must notify the Claims Administrator within 30 days of the date on which an enrolled Dependent is no longer eligible for coverage.

No person will have a right to receive any benefits after the Plan terminates. Termination of Your or Your Dependent's coverage under the Plan for any reason will completely end all obligations to provide You or Your Dependent benefits for Covered Services received after the date of termination. This applies whether or not You or Your Dependent is then receiving treatment or is in need of treatment for any Illness or Injury incurred or treated before or while the Plan was in effect.

AGREEMENT TERMINATION

If the Agreement is terminated or not renewed, claims administration by Regence ends for You and Your Dependents on the date the Agreement is terminated or not renewed (except, if agreed between the Plan Sponsor and Regence, Regence may administer certain claims for services that Claimants received before that termination or nonrenewal).

WHAT HAPPENS WHEN YOU ARE NO LONGER ELIGIBLE

If You are no longer eligible as explained in the following paragraphs, coverage ends for You and Your Dependents' on the last day of the month in which Your eligibility ends. However, it may be possible for You and/or Your Dependents to continue coverage under the Plan according to the Other Continuation Options Section.

WHAT HAPPENS WHEN YOUR DEPENDENTS ARE NO LONGER ELIGIBLE

If Your dependent is no longer eligible as explained in the following paragraphs, coverage ends for Your Dependents on the last day of the month in which their eligibility ends. However, it may be possible for an ineligible dependent to continue coverage under the Plan according to the continuation of coverage provisions.

Divorce or Annulment

Eligibility ends for Your enrolled spouse and the spouse's children (unless such children remain eligible by virtue of their continuing relationship to You) on the last day of the month following the date a divorce or annulment is final.

Death of the Enrolled Participant

In the case of Your death, coverage for Your Dependents may be extended for up to two months. Eligible Dependents should contact the Plan Sponsor for additional information.

Termination of Domestic Partnership

If Your domestic partnership terminates after the Effective Date (including any change in status such that You and Your domestic partner no longer meet any of the requirements outlined in the definition of a dependent), eligibility ends for the domestic partner and the domestic partner's children (unless such children remain eligible by virtue of their continuing relationship to You) on the last day of the month following the date of termination of the domestic partnership. You are required to provide notice of the termination of a domestic partnership within 30 days of its occurrence. This termination provision does not apply to any termination of domestic partnership that occurs as a matter of law because the parties to the domestic partnership enter into a marriage (including any entry into marriage by virtue of an automatic conversion of the domestic partnership into a marriage).

Loss of Dependent Status

- Eligibility ends on the last day of the month in which an enrolled child exceeds the dependent age limit.
- Eligibility ends on the date in which an enrolled child is removed from placement due to disruption of placement before legal adoption.

OTHER CAUSES OF TERMINATION

Claimants terminated for the following reason may be able to continue coverage under the Plan according to the continuation of coverage provisions.

Fraudulent Use of Benefits

If You or Your Dependent engages in an act or practice that constitutes fraud in connection with coverage or makes an intentional misrepresentation of material fact in connection with coverage, coverage under the Plan will terminate for that Claimant.

Fraud or Misrepresentation in Application

Coverage under the Plan is based upon all information furnished to the Claims Administrator, for the benefit of the Plan by You or on behalf of You and Your Dependents. In the event of any intentional misrepresentation of material fact or fraud regarding a Claimant (including, but not limited to, a person who is listed as a Dependent, but does not meet the eligibility requirements in effect with the Plan Sponsor), any action allowed by law or contract may be taken, including denial of benefits, termination of coverage and/or pursuit of criminal charges and penalties.

COBRA Continuation of Coverage

COBRA is a continuation of this coverage for a limited time after certain events cause a loss of eligibility. COBRA continuation does not apply to all groups.

If the Plan is subject to COBRA, COBRA continuation is available to Your Dependents if they lose eligibility because:

- Your employment is terminated (unless the termination is for gross misconduct);
- Your hours of work are reduced;
- You die;
- You and Your spouse divorce, the marriage is annulled, or Your registered domestic partnership is terminated;
- You and Your non-registered domestic partner terminate the domestic partnership;
- You become entitled to Medicare benefits; or
- Your Dependent loses eligibility as a child under this coverage.

COBRA also is available to You if You lose eligibility because Your employment terminates (other than for gross misconduct) or Your hours of work are reduced. (A special COBRA continuation also applies to You and Your Dependents per certain conditions if You are retired and Your employer files for bankruptcy.)

There are some circumstances involving disability or the occurrence of a second one of these events that can result in extension of the limited period of continuation following a termination of employment or reduction in working hours. COBRA also can terminate earlier than the maximum periods.

General Rules

You or Your Dependents are responsible for payment of the full cost for COBRA continuation coverage, plus an administration fee, even if the Plan Sponsor contributes toward the cost of those not on COBRA continuation. The administration fee is two percent or, during any period of extension for disability, 50 percent.

In order to preserve Your and Your Dependent's rights with COBRA, You or Your Dependents must inform the Plan Sponsor in writing within 60 days of:

- Your divorce or annulment, termination of registered or non-registered domestic partnership or a loss of eligibility of a child;
- Your initial loss of eligibility due to Your termination of employment or reduction in working hours and You experience another one of the events listed above; or
- a Social Security disability determination that You or Your Dependent was disabled per Social Security at the time of a termination of employment or reduction in working hours or within the first 60 days of COBRA continuation following that event. (If a final determination is later made that You or Your Dependent is no longer disabled per Social Security, You or Your Dependent must provide the Plan Sponsor notice of that determination within 30 days of the date it is made.)

The Plan Sponsor also must meet certain notification, election and payment deadline requirements. It is very important that You keep the Plan Sponsor informed of the current address of all Claimants who are or may become qualified beneficiaries.

If You or Your Dependents do not elect COBRA continuation coverage, coverage under the Plan will end according to the terms described in the Booklet and claims under the Plan for services provided on and after the date coverage ends will not be paid. Further, this may jeopardize Your or Your Dependents' future eligibility for an individual plan.

After You and/or Your Dependents' exhaust COBRA continuation coverage, an Individual policy may be available.

Notice

The complete details on the COBRA Continuation provisions outlined here are available from the Plan Sponsor.

Other Continuation Options

This section describes situations when coverage may also be extended for You and/or Your Dependents beyond the date of termination.

Availability of Other Coverage

When eligibility under the Plan terminates at the end of or in lieu of any available COBRA continuation coverage period, or otherwise upon termination of this coverage, an individual insurance policy or Medicare supplement plan is available through the Claims Administrator. The policy or plan will have equal or lesser benefits than this coverage.

General Provisions and Legal Notices

This section explains various general provisions and legal notices regarding Your benefits under this coverage.

CERTIFICATES OF CREDITABLE COVERAGE

Requests for and inquiries about required certificates relating to period(s) of creditable coverage under the Plan should be directed to the Plan Sponsor, or to the Claims Administrator at P.O. Box 2998, Tacoma, WA 98401-2998.

CHOICE OF FORUM

Any legal action arising out of the Plan must be filed in a court in the state of Washington.

GOVERNING LAW AND DISCRETIONARY LANGUAGE

The Plan will be governed by and construed in accordance with the laws of the United States of America and by applicable laws of the state of Washington without regard to its conflict of law rules. The Plan Administrator, the Plan Sponsor, delegates the Claims Administrator discretion for the purpose of paying benefits under this coverage only if it is determined that You are entitled to them and of interpreting the terms and conditions of the Plan. Final determinations pursuant to this reservation of discretion do not prohibit or prevent a claimant from seeking judicial review of those determinations in federal court. The reservation of discretion made under this provision only establishes the scope of review that a court will apply when You seek judicial review of a determination of the entitlement to and payment of benefits or interpretation of the terms and conditions applicable to the Plan. The Claims Administrator is not the Plan Administrator, but does provide claims administration under the Plan, and the court will determine the level of discretion that it will accord determinations.

LIMITATIONS ON LIABILITY

In all cases, You have the exclusive right to choose a health care Provider. Since neither the Plan nor the Claims Administrator provides any health care services, neither can be held liable for any claim or damages connected with Injuries You suffer while receiving health services or supplies provided by professionals who are neither employees nor agents of the Plan or the Claims Administrator. Neither the Claims Administrator nor the Plan is responsible for the quality of health care You receive, except as provided by law. In addition, the Claims Administrator will not be liable to any person or entity for the inability or failure to procure or provide the benefits of the Plan by reason of epidemic, disaster or other cause or condition beyond the Claims Administrator's control.

NO WAIVER

The failure or refusal of either party to demand strict performance of the Plan or to enforce any provision will not act as or be construed as a waiver of that party's right to later demand its performance or to enforce that provision. No provision of the Plan will be considered waived unless such waiver is reduced to writing and signed by one of the Plan Sponsor's authorized officers.

NONASSIGNMENT

Only You are entitled to benefits under the Plan. These benefits are not assignable or transferable to anyone else and You (or a custodial parent or the state Medicaid agency, if applicable) may not delegate, in full or in part, benefits or payments to any person, corporation or entity. Any attempted assignment, transfer or delegation of benefits will be considered null and void and will not be binding on the Plan. You may not assign, transfer or delegate any right of representation or collection other than to legal counsel directly authorized by You on a case-by-case basis.

NOTICES

Any notice to Claimants or to the Plan Sponsor required in the Plan will be considered properly given if written notice is deposited in the United States mail or with a private carrier. Notices to a Participant or to the Plan Sponsor will be addressed to the last known address appearing in the Claims Administrator's records. If the Claims Administrator receives a United States Postal Service change of address (COA) form for a Participant, it will update its records accordingly. Additionally, the Claims Administrator may forward notice for a Participant to the Plan Administrator or Plan Sponsor if it becomes aware that it

doesn't have a valid mailing address for the Participant. Any notice to the Claims Administrator required in the Agreement may be mailed to the Claims Administrator's Customer Service address. However, notice to the Claims Administrator will not be considered to have been given to and received by it until physically received.

NOTICE OF PRIVACY PRACTICES

A Notice of Privacy Practices is available by calling Customer Service or visiting the Claims Administrator's website.

PLAN SPONSOR IS AGENT

The Plan Sponsor is Your agent for all purposes under the Plan and not the agent of the Claims Administrator. You are entitled to health care benefits pursuant to the Plan. In the Agreement, the Plan Sponsor agrees to act as agent for You in acknowledging Your agreement to the terms, provisions, limitations and exclusions contained in this Booklet. You, through the enrollment form signed by the Participant, and as beneficiaries of the Plan, acknowledge and agree to the terms, provisions, limitations and exclusions described in this Booklet.

RELATIONSHIP TO BLUE CROSS AND BLUE SHIELD ASSOCIATION

The Plan Sponsor on behalf of itself and its Claimants expressly acknowledges its understanding that the Agreement constitutes an agreement solely between the Plan Sponsor and Regence BlueShield, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the Association), permitting Regence to use the Blue Shield Service Mark in the state of Washington for those counties designated in the Service Area, and that Regence BlueShield is not contracting as the agent of the Association. The Plan Sponsor on behalf of itself and its Claimants further acknowledges and agrees that it has not entered into the Agreement based upon representations by any person or entity other than Regence BlueShield and that no person or entity other than Regence BlueShield will be held accountable or liable to the Plan Sponsor or the Claimants for any of Regence's obligations to the Plan Sponsor or the Claimants created under the Agreement. This paragraph will not create any additional obligations whatsoever on the part of Regence BlueShield other than those obligations created under other provisions of the Agreement.

REPRESENTATIONS ARE NOT WARRANTIES

In the absence of fraud, all statements You make in an enrollment form will be considered representations and not warranties. No statement made for obtaining coverage will void such coverage or reduce benefits unless contained in a written document signed by You, a copy of which is furnished to You.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION AND MEDICAL RECORDS

It is important to understand that Your personal health information may be requested or disclosed by the Claims Administrator. This information will be used for the purpose of facilitating health care treatment, payment of claims or business operations necessary to administer health care benefits; or as required by law.

The information requested or disclosed may be related to treatment or services received from:

- an insurance carrier or group health plan;
- any other institution providing care, treatment, consultation, pharmaceuticals or supplies;
- a clinic, Hospital, long-term care or other medical facility; or
- a Physician, dentist, Pharmacist or other physical or behavioral health care Practitioner.

Health information requested or disclosed by the Claims Administrator may include, but is not limited to:

- billing statements;
- claim records;
- correspondence;
- dental records;

- diagnostic imaging reports;
- Hospital records (including nursing records and progress notes);
- laboratory reports; and
- medical records.

The Claims Administrator is required by law to protect Your personal health information, and must obtain prior written authorization from You to release information not related to routine health insurance operations. A Notice of Privacy Practices is available by visiting the Claims Administrator's website or contacting Customer Service.

You have the right to request, inspect and amend any records that the Claims Administrator has that contain Your personal health information. Contact Customer Service to make this request.

NOTE: This provision does not apply to information regarding HIV/AIDS, psychotherapy notes, alcohol/drug services and genetic testing. A specific authorization will be obtained from You in order for the Claims Administrator to receive information related to these health conditions.

STATEMENT OF RIGHTS UNDER THE NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending Provider (for example, Your Physician, nurse midwife, or Physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a Physician or other health care provider obtain preauthorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain Providers or facilities, or to reduce Your out-of-pocket costs, You may be required to obtain preauthorization. For information on preauthorization, contact Your Plan Administrator.

TAX TREATMENT

The Claims Administrator does not provide tax advice. Consult Your financial or tax advisor for information about the appropriate tax treatment of benefit payments and reimbursements.

WHEN BENEFITS ARE AVAILABLE

In order for health expenses to be covered, they must be incurred while coverage is in effect. Coverage is in effect when all of the following conditions are met:

- the person is eligible to be covered according to the eligibility provisions described in the Plan; and
- the person has enrolled in coverage and has been enrolled by the Claims Administrator.

The expense of a service is incurred on the day the service is provided and the expense of a supply is incurred on the day the supply is delivered to You.

WOMEN'S HEALTH AND CANCER RIGHTS

If You are receiving benefits in connection with a mastectomy and You, in consultation with Your attending Physician, elect breast reconstruction, coverage under the Plan will be provided (subject to the same provisions as any other benefit) for:

- reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- prosthesis and treatment of physical complications of all stages of mastectomy, including lymphedemas.

- placing the Claimant's health, or with respect to a pregnant Claimant, the Claimant's health or the health of the unborn child, in serious jeopardy;
- serious impairment to bodily functions; or
- serious dysfunction of any bodily organ or part.

Experimental/Investigational means a Health Intervention that the Claims Administrator has classified as Experimental or Investigational. The Claims Administrator will review Scientific Evidence from well-designed clinical studies found in Peer-Reviewed Medical Literature, if available, and information obtained from the treating Physician or Practitioner regarding the Health Intervention to determine if it is Experimental or Investigational. A Health Intervention not meeting all of the following criteria, is, in the Claims Administrator's judgment, Experimental or Investigational:

- If a medication or device, the Health Intervention must have final approval from the United States Food and Drug Administration as being safe and efficacious for general marketing. However, if a medication is prescribed for other than its FDA-approved use and is recognized as "effective" for the use for which it is being prescribed, benefits for that use will not be excluded. To be considered

"effective" for other than its FDA-approved use, a medication must be so recognized in one of the standard reference compendia or, if not, then in a majority of relevant Peer-Reviewed Medical Literature; or by the United States Secretary of Health and Human Services. The following additional definitions apply to this provision:

- Peer-Reviewed Medical Literature is scientific studies printed in journals or other publications in which original manuscripts are published only after having been critically reviewed for scientific accuracy, validity and reliability by unbiased independent experts. Peer-Reviewed Medical Literature does not include in-house publications of pharmaceutical manufacturing companies.
 - Standard Reference Compendia is one of the following: the American Hospital Formulary Service-Drug Information, the United States Pharmacopoeia-Drug Information or other authoritative compendia as identified from time to time by the federal Secretary of Health and Human Services or the Washington State Insurance Commissioner.
- The Scientific Evidence must permit conclusions concerning the effect of the Health Intervention on Health Outcomes, which include the disease process, illness or injury, length of life, ability to function and quality of life.
 - The Health Intervention must improve net Health Outcome.
 - Medications approved under the FDA's Accelerated Approval Pathway must show improved Health Outcomes.
 - The Scientific Evidence must show that the Health Intervention is at least as beneficial as any established alternatives.
 - The improvement must be attainable outside the laboratory or clinical research setting.

Upon receipt of a fully documented claim or request for preauthorization related to a possible Experimental or Investigational Health Intervention, a decision will be made and communicated to You within 20 working days. Please contact Customer Service at 1 (855) 877-0047 or visit the Claims Administrator's website at regence.com for details on the information needed to satisfy the fully documented claim or request requirement. You may also have the right to an expedited appeal. Refer to the Appeal Process Section for additional information on the appeal process.

- disease;
- illness or injury;
- genetic or congenital anomaly;
- pregnancy;
- biological or psychological condition that lies outside the range of normal, age-appropriate human variation; or
- to maintain or restore functional ability.

A Health Intervention is defined not only by the intervention itself, but also by the medical condition and patient indications for which it is being applied.

Health Outcome means an outcome that affects health status as measured by the length or quality of a person's life. The Health Intervention's overall beneficial effects on health must outweigh the overall harmful effects on health.

- in accordance with generally accepted standards of medical practice. "Generally accepted standards of medical practice" means standards that are based on credible Scientific Evidence published in Peer-Reviewed Medical Literature generally recognized by the relevant medical community, Physician Specialty Society recommendations and the views of Physicians and other health care Providers practicing in relevant clinical areas and any other relevant factors.
- clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's Illness, Injury or disease;
- not primarily for the convenience of the patient, Physician or other health care Provider; and
- not more costly than an alternative service or sequence of services or supply at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's Illness, Injury or disease.

Medical Necessity determinations are made by health professionals applying their training and experience, and using applicable medical policies developed through periodic review of generally accepted standards of medical practice.

Understanding Your Benefits

This section provides information to help You understand the terms Maximum Benefits, Copayments and Coinsurance. These terms are types of cost-sharing specific to Your benefits. You will need to refer to the Vision Benefits Section to see what Your benefits are.

MAXIMUM BENEFITS

Some Covered Services may have a specific Maximum Benefit. Those Covered Services will be provided until the specified Maximum Benefit (which may be a number of visits, services, supplies, dollar amount, or specified time period) has been reached. Refer to the Vision Benefits Section to determine if a Covered Service has a specific Maximum Benefit.

You will be responsible for the total billed charges for Covered Services that are in excess of any Maximum Benefits. You will also be responsible for charges for any other services or supplies not covered by this Plan, regardless of the Provider rendering such services or supplies.

COPAYMENTS

Copayments are a specific dollar amount that You pay directly to the Provider at the time You receive a specified service. Refer to the Vision Benefits Section to see what Covered Services are subject to a Copayment.

COINSURANCE (PERCENTAGE YOU PAY)

Your Coinsurance is the percentage You pay when the Plan's payment is less than 100 percent. The Coinsurance varies, depending on the service or supply You received and who rendered it. Your Coinsurance applies once You have satisfied any applicable Copayment for Covered Services up to any Maximum Benefit. Your Coinsurance will be based upon the lesser of either the billed charges or the Allowed Amount. The Plan does not reimburse Providers for charges above the Allowed Amount.

HOW CALENDAR YEAR BENEFITS RENEW

Certain Maximum Benefits are calculated on a Calendar Year basis. Each January 1, those Calendar Year maximums begin again.

The Agreement is renewed each Plan Year. A Plan Year is the 12-month period following either the Agreement's original Effective Date or subsequent renewal date. A Plan Year may or may not be the same as a Calendar Year.

This section explains Your benefits and cost-sharing responsibilities for Covered Services.

If an Illness or Injury could be considered work-related, a Claimant will be required to file a claim for workers' compensation benefits before the Claims Administrator will consider providing any coverage.

Claims Administration

This section explains administration of benefits and claims, including situations that may arise when Your health care expenses are the responsibility of a source other than the Plan. Payment of benefits will be made in accordance with the terms and conditions of this Booklet.

SUBMISSION OF CLAIMS AND REIMBURSEMENT

When You visit a VSP Doctor, the VSP Doctor will submit the claim directly to VSP for payment. However, if You visit an Out-of-Network Provider, You will need to pay the Provider's full fee at the time You receive the service or supply. Timely Filing of Claims

Written proof of loss (submission of a claim) must be received within one year after the date of service. Claims that are not filed in a timely manner will be denied, unless You can reasonably demonstrate that the claim could not have been filed in a timely manner. Benefits or coverage will not be invalidated nor reduced if it can be shown that it was not reasonably possible to file the claim and that the claim was submitted as soon as reasonably possible. You may Appeal the denial in accordance with the Appeal process to demonstrate that the claim could not have been filed in a timely manner.

Claim Determinations

Within 30 days of the Claims Administrator's receipt of a claim, the Claims Administrator will notify You of their action. However, this 30-day period may be extended by an additional 15 days due to lack of information or extenuating circumstances. The Claims Administrator will notify You of the extension within the initial 30-day period and provide an explanation of why the extension is necessary.

If the Claims Administrator requires additional information to process the claim, the Claims Administrator must allow You at least 45 days to provide it to them. If the Claims Administrator does not receive the requested information within the time allowed, the Claims Administrator will deny the claim.

CLAIMS RECOVERY

If the Plan pays a benefit to which You or Your Dependents were not entitled, or if the Plan pays a person who is not eligible for benefits at all, the Plan has the right to recover the payment from the person the

Plan paid or anyone else who benefited from it, including a provider of services. The Plan's right to recovery includes the right to deduct the mistakenly paid amount from future benefits the Plan would provide the Participant or any Dependents, even if the mistaken payment was not made on that person's behalf.

If the Plan makes an overpayment to a Provider, the Claims Administrator may reduce payments to the Provider, in the amount of the overpayment, for otherwise Covered Services for current and/or future Provider claims on Your or Your Dependents' behalf. If a Provider to whom an overpayment was made has patients who are participants in other health plans insured or administered by the Claims Administrator, the Claims Administrator may reduce payments otherwise owed to the Provider from such other health plans by the amount of the overpayment.

The Claims Administrator regularly works to identify and recover claims payments that should not have been made (for example, claims that are the responsibility of another, duplicates, errors, fraudulent claims, etc.). The Plan will be credited all amounts recovered.

This Claims Recovery provision in no way reduces the Plan's right to reimbursement or subrogation. Refer to the Subrogation and Right of Recovery provision for additional information.

SUBROGATION AND RIGHT OF RECOVERY

The provisions of this section apply to all current or former Plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. No adult covered person hereunder may assign any rights that they may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the Plan. These provisions will apply to all claims arising from Your Illness or Injury, including, but not limited to, wrongful death, survival or survivorship claims brought on Your, Your estate's or Your heirs' behalf, regardless of whether medical expenses were or could be claimed. "You" or "Your" includes anyone on whose behalf the Plan pays benefits.

The Plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to You due to an Injury, Illness or condition for which the Plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, Workers Compensation coverage, no fault automobile coverage or any first party insurance coverage).

Your health Plan is always secondary to automobile no-fault coverage, personal Injury protection coverage, or medical payments coverage, excess coverage or similar contract or insurance.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health Plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The "Right of Subrogation" means the Plan is entitled to pursue any claims that You may have in order to recover the benefits paid by the Plan. Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to (stand in the place of) all of Your rights of recovery with respect to any claim or potential claim against any party, due to an Injury, Illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any recovery it may obtain, even if it files suit in Your name.

Reimbursement

If You receive any payment as a result of an Injury, Illness or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that Injury, Illness or condition, up to and including the full amount of Your recovery. Benefit payments made under the Plan are conditioned upon Your agreement to reimburse the Plan in full from any recovery You receive for Your Injury, Illness or condition.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to You or made on Your behalf to any Provider) You agree that if You receive any payment as a result of an Injury, Illness or condition, You will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of Your fiduciary duty to the Plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health Plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of the Illness, Injury or condition upon any recovery whether by settlement, judgment or otherwise, related to treatment for any Illness, Injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the Plan including, but not limited to, You, Your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the Plan.

Assignment

In order to secure the Plan's recovery rights, You agree to assign to the Plan any benefits or claims or rights of recovery You have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim You may have, whether or not You choose to pursue the claim.

First-Priority Claim

By accepting benefits from the Plan, You acknowledge that the Plan's recovery rights are a first priority claim and are to be repaid to the Plan before You receive any recovery for Your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the Plan will result in a recovery which is insufficient to make You whole or to compensate You in part or in whole for the damages sustained. The Plan is not required to participate in or pay Your court costs or attorney fees to any attorney You hire to pursue Your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the Plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses provided by the Plan. The Plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages and/or general damages only. The Plan's claim will not be reduced due to Your own negligence.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. It is Your duty to notify the Plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your Injury, Illness or condition. You and Your agents agree to provide the Plan or its representatives notice of any recovery You or Your agents obtain prior to receipt of such recovery funds or within five days if no notice was given prior to receipt of recovery funds. Further, You and Your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and Your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal Injury litigation. Failure to provide this information, failure to assist the Plan in pursuit of its subrogation rights or failure to reimburse the Plan from any settlement or recovery You receive may result in the denial of any future benefit payments or claim until the Plan is reimbursed in full, termination of Your health benefits or the institution of court proceedings against You.

You shall do nothing to prejudice the Plan's subrogation or recovery interest or prejudice the Plan's ability to enforce the terms of this Plan provision. This includes, but is not limited to, refraining from making any

settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health Plan's subrogation and reimbursement interest.

Workers' Compensation

If the entity providing workers' compensation coverage denies Your claim and You have filed an appeal, benefits may be advanced for Covered Services if You agree to hold any recovery obtained in a segregated account for the Plan.

Future Medical Expenses

Benefits for otherwise Covered Services may be excluded when You have received a recovery from another source relating to an Illness or Injury for which benefits would normally be provided. However, the amount of any Covered Services excluded under this provision will not exceed the amount of Your recovery.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the Plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the Plan, You agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the Plan may elect. By accepting such benefits, You hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of Your present or future domicile. By accepting such benefits, You also agree to pay all attorneys' fees the Plan incurs in successful attempts to recover amounts the Plan is entitled to under this section.

MAINTENANCE OF BENEFITS

The Maintenance of Benefits (MOB) provision applies when You have health care coverage under more than one plan (This Plan and an Other Plan). These plans are defined below.

The order of benefit determination rules govern the order which each plan will pay a claim for benefits. The plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms without regard to the possibility that an Other Plan may cover some expenses. The plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all plans do not exceed 100 percent of the total Allowable Expense.

Maintenance of benefits is the form of coordination used by This Plan and it is important to note that this Maintenance of Benefits provision limits what This Plan will pay when it is in other than the Primary Plan position so that This Plan's payment will not cause the total benefits available under all plans to exceed what This Plan would have paid if it had been primary. This means that it is not necessarily advantageous for Your dependents to enroll under multiple plans because the total payments from all plans may not be more than what would have been paid had This Plan been the only coverage.

Definitions

For the purpose of this section, the following definitions shall apply:

Other Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no coordination of benefits among those separate contracts. However, if coordination of benefits rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which coordination of benefits does not apply is treated as a separate plan.

- Other Plan includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage; medical care components of long-term

care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.

- Other Plan does not include: hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under the above bullet points is a separate plan. If a plan has two parts and coordination of benefits rules apply only to one of the two, each of the parts is treated as a separate plan.

This Plan means the part of the Booklet providing the health care benefits to which the MOB provision applies and which may be reduced because of the benefits of Other Plans. Any other part of the Booklet providing health care benefits is separate from This Plan. A contract may apply one coordination of benefits provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a "Primary Plan" or "Secondary Plan" when You have health care coverage under more than one plan.

Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering You. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering You is not an Allowable Expense.

When Medicare, Part A, Part B, Part C, or Part D is primary, Medicare's allowable amount is the Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the plans provides coverage for private hospital room expenses.
- If You are covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
- If You are covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

Closed Panel Plan is a plan that provides health care benefits to You in the form of services through a panel of Providers who are primarily employed by the plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or referral by a panel member.

Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.

Order of Benefit Determination Rules

When You are covered by two or more plans, the rules for determining the order of benefit payments are as follows. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any Other Plan. A plan that does not contain a coordination of benefits provision that is consistent with chapter 284-51 of the Washington Administrative Code is always primary unless the provisions of both plans state that the complying plan is primary, except coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the plan provided by the contract holder. Examples include major medical coverages that are superimposed over hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel

Plan to provide out-of-network benefits. A plan may consider the benefits paid or provided by an Other Plan in calculating payment of its benefits only when it is secondary to that Other Plan.

Each plan determines its order of benefits using the first of the following rules that apply:

Non-Dependent or Dependent. The plan that covers You other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the plan that covers You as a dependent is the Secondary Plan. However, if You are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering You as a dependent, and primary to the plan covering You as other than a dependent (for example, a retired employee), then the order of benefits between the two plans is reversed so that the plan covering You as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the Other Plan is the Primary Plan.

Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a child is covered by more than one plan the order of benefits is determined as follows:

- For a child whose parents are married or are living together, whether or not they have ever been married:
 - The plan of the parent whose birthday falls earlier in the Calendar Year is the Primary Plan; or
 - If both parents have the same birthday, the plan that has covered the parent the longest is the Primary Plan.
- For a child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - If a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods commencing after the plan is given notice of the court decree;
 - If a court decree states one parent is to assume primary financial responsibility for the child but does not mention responsibility for health care expenses, the plan of the parent assuming financial responsibility is primary;
 - If a court decree states that both parents are responsible for the child's health care expenses or health care coverage, the provisions of the first bullet point above (for child(ren) whose parents are married or are living together) determine the order of benefits;
 - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the child, the provisions of the first bullet point above (for child(ren) whose parents are married or are living together) determine the order of benefits; or
 - If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The plan covering the Custodial Parent, first;
 - The plan covering the spouse of the Custodial Parent, second;
 - The plan covering the noncustodial parent, third; and then
 - The plan covering the spouse of the noncustodial parent, last.
- For a child covered under more than one plan of individuals who are not the parents of the child, the provisions of the first or second bullet points above (for child(ren) whose parents are married or are living together or for child(ren) whose parents are divorced or separated or not living together) determine the order of benefits as if those individuals were the parents of the child.

Active Employee or Retired or Laid-off Employee. The plan that covers You as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The plan covering You as a retired or laid-off employee is the Secondary Plan. The same would hold true if You are a dependent of an active employee and You are a dependent of a retired or laid-off employee. If the Other Plan does not

have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

COBRA or State Continuation Coverage. If Your coverage is provided under COBRA or under a right of continuation provided by state or other federal law, the plan covering You as an employee, member, subscriber or retiree or covering You as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the Other Plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.

Longer or Shorter Length of Coverage. The plan that covered You as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the plan that covered You the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the plans meeting the definition of This Plan or Other Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of this Plan

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided will not total more than the amount that would have been paid had This Plan been the sole plan.

For example, say You are employed by the Plan Sponsor and You cover Yourself and Your spouse under This Plan, and Your spouse is also covered under their employer's plan. If Your spouse incurs an expense covered under both plans and Your spouse's plan is the Primary Plan, This Plan, when paying as the Other Plan, would either pay the amount which when added to the Primary Plan's payment would equal the amount This Plan would have paid had it been the Primary Plan or nothing if the Primary Plan's payment exceeded the amount This Plan would have paid had it been the Primary Plan.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these MOB rules and to determine benefits payable under This Plan and Other Plans. The Claims Administrator may get the needed facts from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and Other Plans covering You. The Claims Administrator need not tell, or get the consent of, any person to do this. You, to claim benefits under This Plan, must give the Claims Administrator any facts they need to apply those rules and determine benefits payable.

Facility of Payment

If payments that should have been made under This Plan are made by an Other Plan, the amount determined to be appropriate to satisfy the intent of this provision may be remitted to the Other Plan. The amounts paid to the Other Plan are considered benefits paid under This Plan. To the extent of such payments, this Plan is fully discharged from liability.

Right of Recovery

This Plan has the right to recover excess payment whenever it has paid Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. This Plan may recover excess payment from any person to whom or for whom payment was made or any other issuers or plans.

If You are covered by more than one health benefit plan, and You do not know which is Your Primary Plan, You or Your Provider should contact any one of the health plans to verify which plan is primary. The health plan You contact is responsible for working with the other plan to determine which is primary and will let You know within 30 calendar days.

CAUTION: All health plans have timely claim filing requirements. If You or Your Provider fail to submit Your claim to a secondary health plan within that plan's claim filing time limit, the plan can deny the claim.

If You experience delays in the processing of Your claim by the primary health plan, You or Your Provider will need to submit Your claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claim processing, if You are covered by more than one plan You should promptly report to Your Providers and plans any changes in Your coverage.

If You or Your Representative wish to seek review of a claim denial or other dispute that is identified below, You may appeal.

Second-level appeals must be pursued within 60 days of Your receipt of VSP's decision on the first-level appeal. If You don't appeal within this time period, You will not be able to pursue the appeal process and may jeopardize Your ability to pursue the matter in any forum. Second-level appeals are reviewed by an employee(s) of VSP who was not involved in, or subordinate to anyone involved in, the prior decision. You or Your Representative will be given a reasonable opportunity to provide written materials, including written testimony.

EXPEDITED APPEALS

If You or Your treating Provider determines that Your health could be jeopardized by waiting for a decision under the regular appeal process, You or Your Provider may specifically request an expedited appeal. The expedited appeal request should state the need for a decision on an expedited basis and must include documentation necessary for the appeal decision. Expedited appeals are reviewed by an employee(s) of VSP who was not involved in, or subordinate to anyone involved in, the initial denial determination. Reviewers include an appropriate clinical peer in the same or similar specialty as would typically manage the case. You or Your Representative will be given the opportunity (within the constraints of the expedited appeals time frame) to provide written materials, including written testimony on Your behalf.

DEFINITIONS

The following definitions apply to this Appeal Process Section:

Representative means an individual authorized to represent You for the appeal. A Representative may be:

- Your treating Provider (for expedited appeals, a health care professional with knowledge of Your medical condition is recognized as Your Representative);
- an individual You have identified as Your Representative in a written communication to VSP; or
- an individual identified as Your Representative to VSP Customer Service.

No authorization is required from the parent(s) or legal guardian of a Claimant who is a dependent child and is less than 13 years old.

Eligibility and Enrollment

This section explains how to enroll Yourself and/or Your eligible dependents when first eligible or during an annual open enrollment period. It describes when coverage under the Plan begins for You and/or Your eligible dependents. Payment of any corresponding monthly costs is required for coverage to begin on the indicated dates.

INITIALLY ELIGIBLE AND WHEN COVERAGE BEGINS

You will be entitled to enroll in coverage for Yourself and Your eligible dependents within 30 days of initially becoming eligible for coverage per the eligibility requirements in effect with the Plan Sponsor and as stated in the following paragraphs. Coverage for You and Your enrolling eligible dependents will begin on the Effective Date.

If You and/or Your eligible dependents do not enroll for coverage under the Plan when first eligible or You do not enroll in a timely manner, You and/or Your eligible dependents must wait until the next annual open enrollment period to enroll.

Employees

You become eligible to enroll in coverage on the date You have worked for the Plan Sponsor long enough to satisfy any probationary period required by the Plan Sponsor.

Retiree Eligibility

Within 30 days of retirement, retirees may elect medical and/or dental coverage. If You do not elect to enroll or continue the City of Tacoma's group health insurance, or if You elect to cancel Your coverage at any time, You will no longer be eligible to return to a City of Tacoma retiree plan. During the annual open enrollment period, retirees who maintain medical coverage may switch plans and add or drop eligible dependents.

At age 65, employees are eligible for Medicare coverage and are no longer eligible for benefits under the City of Tacoma group plan with Regence BlueShield. An employee whose birthday is on or after the second day of the month will be entitled to Medicare coverage effective the first day of that month. For an employee whose birthday is the first of the month, Medicare coverage will be effective from the first day of the previous month. Medicare is the basic coverage plan for employees age 65 and over. Employees may purchase Supplement to Medicare coverage through Regence BlueShield or another carrier.

Retiree Dependent Eligibility

Your eligible spouse and eligible children up to age 26 may be enrolled at your retirement. Thereafter, your eligible spouse and eligible children may not enroll for coverage until the next open enrollment period. Open enrollment requests and inquiries should be directed to the Benefits Office.

Dependents

Your Dependents are eligible for coverage when You have listed them on the enrollment form on subsequent change forms and when the Claims Administrator has enrolled them in coverage under the Plan. Dependents are limited to the following:

- The person to whom You are legally married (spouse).
- Your domestic partner. Note: beginning January 2017, Your domestic partner must be registered with the State of Washington. The Plan Sponsor will grandfather and continue to recognize domestic partnerships on file as of December 31, 2016, until the dissolution of the domestic partnership, or the separation of the employee, whichever occurs first.
- Your (or Your spouse's or Your domestic partner's) child who is under age 26 and who meets any of the following criteria:
 - Your (or Your spouse's or Your domestic partner's) natural child, stepchild, adopted child or child legally placed with You (or Your spouse or Your domestic partner) for adoption;
 - a child for whom You (or Your spouse or Your domestic partner) have court-appointed legal guardianship; and

- a child for whom You (or Your spouse or Your domestic partner) are required to provide coverage by a legal qualified medical child support order (QMCSO).
- Your (or Your spouse's or Your domestic partner's) otherwise eligible child who is age 26 or over and incapable of self-support because of physical, mental or developmental disability that prevents the child from establishing or maintaining consistent employment or independence that began before the child's 26th birthday, if You complete and submit the Claims Administrator's affidavit of dependent eligibility form, with written evidence of the child's incapacity, within 31 days of the later of the child's 26th birthday or Your Effective Date and either:
 - the child is a Dependent immediately before their 26th birthday;
 - the child's 26th birthday preceded Your Effective Date and the child has been continuously covered as a Dependent on either a parent's or legal guardian's group coverage since that birthday; or
 - new hires wishing to enroll an eligible Dependent must also be able to demonstrate that the Dependent child has been covered on a group, individual, or other insurance plan (including public programs) immediately prior to enrollment on this plan.

The Claims Administrator's affidavit of dependent eligibility form is available by visiting their website or by calling Customer Service. The Claims Administrator may request updates on the child's disability or handicap at reasonable times as considered necessary (but this will not be more often than annually following the dependent's 28th birthday).

NEWLY ELIGIBLE DEPENDENTS

You may enroll a dependent who becomes eligible for coverage after Your Effective Date by completing and submitting an enrollment request to the Claims Administrator. Application for enrollment of a new child by birth, adoption or Placement for Adoption must be made within 60 days of the date of birth, adoption or Placement for Adoption if payment of additional premium is required to provide coverage for the child. Application for enrollment of all other newly eligible dependents must be made within 30 days of the dependent's attaining eligibility. Coverage for such dependents will begin on their Effective Dates. For a new child by birth, the Effective Date is the date of birth. For a new child adopted or placed for adoption within 60 days of birth, the Effective Date is the date of birth, if any associated additional premium has been paid within 60 days of birth. The Effective Date for any other child by adoption or Placement for Adoption is the date of Placement for Adoption. For other newly eligible dependents, the Effective Date is the first day of the month following receipt of the application for enrollment.

ANNUAL OPEN ENROLLMENT PERIOD

The annual open enrollment period is the only time, other than initial eligibility, during which You and/or Your eligible dependents may enroll. You must submit an enrollment form on behalf of all individuals You want enrolled. Coverage will begin on the Effective Date.

DOCUMENTATION OF ELIGIBILITY

You must promptly provide (or coordinate) any necessary and appropriate information to determine the eligibility of a dependent. Such information must be received before enrolling a person as a dependent under the Plan.

When Coverage Ends

This section describes the situations when coverage will end for You and/or Your Dependents. You must notify the Claims Administrator within 30 days of the date on which a Dependent is no longer eligible for coverage.

No person will have a right to receive any benefits after the Plan terminates. Termination of Your or Your Dependent's coverage under the Plan for any reason will completely end all obligations to provide You or Your Dependent benefits for Covered Services received after the date of termination. This applies whether or not You or Your Dependent is then receiving treatment or is in need of treatment for any Illness or Injury incurred or treated before or while the Plan was in effect.

AGREEMENT TERMINATION

If the Agreement is terminated or not renewed, claims administration by Regence ends for You and Your Dependents on the date the Agreement is terminated or not renewed (except, if agreed between the Plan Sponsor and Regence, Regence may administer certain claims for services that Claimants received before that termination or nonrenewal).

WHAT HAPPENS WHEN YOU ARE NO LONGER ELIGIBLE

If You are no longer eligible as explained in the following paragraphs, coverage ends for You and Your Dependents' on the last day of the month in which Your eligibility ends. However, it may be possible for You and/or Your Dependents to continue coverage under the Plan according to the continuation of coverage provisions.

Termination of Your Employment or You Are Otherwise No Longer Eligible

If You are no longer eligible due to termination of employment or You are otherwise no longer eligible according to the terms of the Plan, coverage will end for You and all Dependents on the last day of the month in which eligibility ends.

Nonpayment

If You fail to make required timely contributions to the cost of coverage under the Plan, Your coverage will end for You and all Dependents.

WHAT HAPPENS WHEN YOUR DEPENDENTS ARE NO LONGER ELIGIBLE

If Your Dependent is no longer eligible as explained in the following paragraphs, coverage ends for Your Dependents on the last day of the month in which their eligibility ends. However, it may be possible for an ineligible dependent to continue coverage under the Plan according to the continuation of coverage provisions.

Divorce or Annulment

Eligibility ends for Your enrolled spouse and the spouse's children (unless such children remain eligible by virtue of their continuing relationship to You) on the last day of the month following the date a divorce or annulment is final.

Death of the Enrolled Participant

In the case of Your death, coverage for Your Dependents may be extended for up to two months. Eligible Dependents should contact the Plan Sponsor for additional information.

Termination of Domestic Partnership

If Your domestic partnership terminates after the Effective Date (including any change in status such that You and Your domestic partner no longer meet any of the requirements outlined in the definition of a dependent), eligibility ends for the domestic partner and the domestic partner's children (unless such children remain eligible by virtue of their continuing relationship to You) on the last day of the month following the date of termination of the domestic partnership. You are required to provide notice of the termination of a domestic partnership within 30 days of its occurrence. This termination provision does not apply to any termination of domestic partnership that occurs as a matter of law because the parties to

the domestic partnership enter into a marriage (including any entry into marriage by virtue of an automatic conversion of the domestic partnership into a marriage).

Loss of Dependent Status

- Eligibility ends on the last day of the month in which an enrolled child exceeds the dependent age limit.
- Eligibility ends on the date in which an enrolled child is removed from placement due to disruption of placement before legal adoption.

OTHER CAUSES OF TERMINATION

Claimants terminated for the following reasons may be able to continue coverage under the Plan according to the continuation of coverage provisions.

Fraudulent Use of Benefits

If You or Your Dependent engages in an act or practice that constitutes fraud in connection with coverage or makes an intentional misrepresentation of material fact in connection with coverage, coverage under the Plan will terminate for that Claimant.

Fraud or Misrepresentation in Application

Coverage under the Plan is based upon all information furnished to the Claims Administrator, for the benefit of the Plan by You or on behalf of You and Your Dependents. In the event of any intentional misrepresentation of material fact or fraud regarding a Claimant (including, but not limited to, a person who is listed as a dependent, but does not meet the eligibility requirements in effect with the Plan Sponsor), any action allowed by law or contract may be taken, including denial of benefits, termination of coverage and /or pursuit of criminal charges and penalties.

COBRA Continuation of Coverage

COBRA is a continuation of this coverage for a limited time after certain events cause a loss of eligibility. COBRA continuation does not apply to all groups.

If the Plan is subject to COBRA, COBRA continuation is available to Your Dependents if they lose eligibility because:

- Your employment is terminated (unless the termination is for gross misconduct);
- Your hours of work are reduced;
- You die;
- You and Your spouse divorce, the marriage is annulled, or Your registered domestic partnership is terminated;
- You and Your non-registered domestic partner terminate the domestic partnership;
- You become entitled to Medicare benefits; or
- Your Dependent loses eligibility as a child under this coverage.

COBRA also is available to You if You lose eligibility because Your employment terminates (other than for gross misconduct) or Your hours of work are reduced. (A special COBRA continuation also applies to You and Your Dependents per certain conditions if You are retired and Your employer files for bankruptcy.)

There are some circumstances involving disability or the occurrence of a second one of these events that can result in extension of the limited period of continuation following a termination of employment or reduction in working hours. COBRA also can terminate earlier than the maximum periods.

General Rules

You or Your Dependents are responsible for payment of the full cost for COBRA continuation coverage, plus an administration fee, even if the Plan Sponsor contributes toward the cost of those not on COBRA continuation. The administration fee is two percent or, during any period of extension for disability, 50 percent.

In order to preserve Your and Your Dependent's rights under COBRA, You or Your Dependents must inform the Plan Sponsor in writing within 60 days of:

- Your divorce or annulment, termination of registered or non-registered domestic partnership or a loss of eligibility of a child;
- Your initial loss of eligibility due to Your termination of employment or reduction in working hours and You experience another one of the events listed above; or
- a Social Security disability determination that You or Your Dependent was disabled per Social Security at the time of a termination of employment or reduction in working hours or within the first 60 days of COBRA continuation following that event. (If a final determination is later made that You or Your Dependent is no longer disabled per Social Security, You or Your Dependent must provide the Plan Sponsor notice of that determination within 30 days of the date it is made.)

The Plan Sponsor also must meet certain notification, election and payment deadline requirements. It is very important that You keep the Plan Sponsor informed of the current address of all Claimants who are or may become qualified beneficiaries.

If You or Your Dependents do not elect COBRA continuation coverage, coverage under the Plan will end according to the terms described in the Booklet and claims under the Plan for services provided on and after the date coverage ends will not be paid.

After You and/or Your Dependents' exhaust COBRA continuation coverage, an Individual policy may be available.

Notice

The complete details on the COBRA Continuation provisions outlined here are available from Your Plan Sponsor.

Other Continuation Options

This section describes situations when coverage may also be extended for You and/or Your Dependents beyond the date of termination.

Individual Contract

When eligibility under the Plan terminates, You may be eligible for coverage under one of the Claims Administrator's individual plans. To be eligible, You must submit a completed application form and health questionnaire, if applicable, and must be accepted by the Claims Administrator for coverage. Benefits and premiums under the individual plan may be substantially different from the Plan.

If the Agreement terminates and the Plan Sponsor transfers its health care plan to another contract with the Claims Administrator or to another carrier and You are covered under that plan, this continuation option does not apply.

General Provisions and Legal Notices

This section explains various general provisions and legal notices regarding Your benefits under this coverage.

CERTIFICATES OF CREDITABLE COVERAGE

Requests for and inquiries about required certificates relating to period(s) of creditable coverage under the Plan should be directed to the Plan Sponsor, or to the Claims Administrator at P.O. Box 2998, Tacoma, WA 98401-2998.

CHOICE OF FORUM

Any legal action arising out of the Plan must be filed in a court in the state of Washington.

GOVERNING LAW AND DISCRETIONARY LANGUAGE

The Plan will be governed by and construed in accordance with the laws of the United States of America and by applicable laws of the state of Washington without regard to its conflict of law rules. The Plan administrator, the Plan Sponsor, delegates the Claims Administrator discretion for the purpose of paying benefits under this coverage only if it is determined that You are entitled to them and of interpreting the terms and conditions of the Plan. Final determinations pursuant to this reservation of discretion do not prohibit or prevent a Claimant from seeking judicial review of those determinations in federal court. The reservation of discretion made under this provision only establishes the scope of review that a court will apply when You seek judicial review of a determination of the entitlement to and payment of benefits or interpretation of the terms and conditions applicable to the Plan. The Claims Administrator is not the Plan administrator, but does provide claims administration under this Plan, and the court will determine the level of discretion that it will accord determinations.

LIMITATIONS ON LIABILITY

You have the exclusive right to choose a vision care Provider. The Plan and the Claims Administrator are not responsible for the quality of vision care You receive, since all those who provide care do so as independent contractors. Since the Plan and the Claims Administrator do not provide any vision care services, neither can be held liable for any claim or damages connected with injuries You suffer while receiving vision services or supplies provided by professionals who are neither employees nor agents of the Plan or the Claims Administrator.

In addition, the Claims Administrator will not be liable to any person or entity for the inability or failure to procure or provide the benefits in the Plan by reason of epidemic, disaster or other cause or condition beyond the Claims Administrator's control.

NO WAIVER

The failure or refusal of either party to demand strict performance of the Plan or to enforce any provision will not act as or be construed as a waiver of that party's right to later demand its performance or to enforce that provision. No provision of the Plan will be considered waived unless such waiver is reduced to writing and signed by one of the Plan Sponsor's authorized officers.

NONASSIGNMENT

Only You are entitled to benefits under the Plan. These benefits are not assignable or transferable to anyone else and You (or a custodial parent or the state Medicaid agency, if applicable) may not delegate, in full or in part, benefits or payments to any person, corporation or entity. Any attempted assignment, transfer or delegation of benefits will be considered null and void and will not be binding on the Plan. You may not assign, transfer or delegate any right of representation or collection other than to legal counsel directly authorized by You on a case-by-case basis.

NOTICES

Any notice to Claimants or to the Plan Sponsor required in the Plan will be considered properly given if written notice is deposited in the United States mail or with a private carrier. Notices to a Participant or to the Plan Sponsor will be addressed to the last known address appearing in the Claims Administrator's records. If the Claims Administrator receives a United States Postal Service change of address (COA)

form for a Participant, the Claims Administrator will update their records accordingly. Additionally, the Claims Administrator may forward notice for a Participant to the Plan Sponsor if they become aware that the Claims Administrator doesn't have a valid mailing address for the Participant. Any notice to the Claims Administrator required in the Agreement may be mailed to the Claims Administrator's Customer Service address. However, notice to the Claims Administrator will not be considered to have been given to and received by the Claims Administrator until physically received.

PLAN SPONSOR IS AGENT

The Plan Sponsor is Your agent for all purposes under the Plan and not the Claims Administrator's agent. You are entitled to health care benefits pursuant to the Agreement between the Claims Administrator and Plan Sponsor. In the Agreement, the Plan Sponsor agrees to act as agent for You in acknowledging Your agreement to the terms, provisions, limitations and exclusions contained in this Booklet. You, through the enrollment form signed by the Participant, and as beneficiaries of the Plan, acknowledge and agree to the terms, provisions, limitations and exclusions described in this Booklet.

RELATIONSHIP TO BLUE CROSS AND BLUE SHIELD ASSOCIATION

The Plan Sponsor on behalf of itself and its Claimants expressly acknowledges its understanding that the Agreement constitutes an agreement solely between the Plan Sponsor and Regence BlueShield, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the Association), permitting Regence to use the Blue Shield Service Mark in the state of Washington for those counties designated in the Service Area, and that Regence BlueShield is not contracting as the agent of the Association. The Plan Sponsor on behalf of itself and its Claimants further acknowledges and agrees that it has not entered into the Agreement based upon representations by any person or entity other than Regence BlueShield and that no person or entity other than Regence BlueShield will be held accountable or liable to the Plan Sponsor or the Claimants for any of Regence's obligations to the Plan Sponsor or the Claimants created under the Agreement. This paragraph will not create any additional obligations whatsoever on the part of Regence BlueShield other than those obligations created under other provisions of the Agreement.

REPRESENTATIONS ARE NOT WARRANTIES

In the absence of fraud, all statements You make in an enrollment form will be considered representations and not warranties. No statement made for obtaining coverage will void such coverage or reduce benefits unless contained in a written document signed by You, a copy of which is furnished to You.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION AND HEALTH RECORDS

It is important to understand that Your personal health information may be requested or disclosed by the Claims Administrator. This information will be used for the purpose of facilitating health care treatment, payment of claims or business operations necessary to administer health care benefits; or as required by law.

The information requested or disclosed may be related to treatment or services received from:

The Claims Administrator is required by law to protect Your personal health information, and must obtain prior written authorization from You to release information not related to routine health insurance operations. A Notice of Privacy Practices is available by visiting the Claims Administrator's website or contacting Customer Service.

You have the right to request, inspect and amend any records that the Claims Administrator has that contain Your personal health information. Contact the Claims Administrator's Customer Service to make this request.

NOTE: This provision does not apply to information regarding HIV/AIDS, psychotherapy notes, alcohol/drug services and genetic testing. A specific authorization will be obtained from You in order for the Claims Administrator to receive information related to these health conditions.

TAX TREATMENT

The Claims Administrator does not provide tax advice. Consult Your financial or tax advisor for information about the appropriate tax treatment of benefit payments and reimbursements.

WHEN BENEFITS ARE AVAILABLE

In order for health expenses to be covered, they must be incurred while coverage is in effect. Coverage is in effect when all of the following conditions are met:

- the person is eligible to be covered according to the eligibility provisions in the Plan; and
- the person has enrolled in coverage and has been enrolled by the Claims Administrator.

The expense of a service is incurred on the day the service is provided and the expense of a supply is incurred on the day the supply is delivered to You.
