RULES OF THE ROAD

Attention, Tacoma: Tips to Know Before You Scoot!

Hey, Tacoma! Razor Share e-scooters are a safe, affordable, and convenient way to get you where you need to go. While riding our scooters, follow all City and State laws to make things safer for both yourself and those around you. So, before you hop on your next Razor scooter, the City of Tacoma has asked that we share their rules of the road with you.

PARK RESPONSIBLY

Leave scooters parked in an upright position in the "furniture zone" of the sidewalk. Make sure to leave five (5) feet clearance for pedestrian travel, and seven (7) feet clearance along arterials, in mixed use centers, and in downtown. Also, make sure that you don't block access to transit, ADA parking, curb ramps, pedestrian push buttons, loading zones, street or park furniture, building entryways, or driveways.

PARKING CORRALS

Please use designated parking areas where available. In some popular pedestrian destinations, parking zones will be required. Parking zones are demarcated with a green and white "P" in the Razor Share app.

USE A HELMET

Please use a helmet while scooting. Complimentary Razor helmets are available to all registered riders. Please call (833) LAST-MILE to request home delivery of a free helmet, and follow us on Twitter and Instagram at @RazorShare to learn about future free helmet pop-ups in Tacoma.
