### **Investigation Opened into Death of Man from Injuries Sustained During Fight**

Tacoma, Wash. – On November 14, 2022, officers were dispatched to a fight call at a south end business. Upon their arrival, one of the involved parties had already left the scene and the other party was transported for a mental health evaluation.

On December 6, the Tacoma Police Department was notified by the Pierce County Medical Examiner's Office that a 31-year-old male had passed away from possible complications resulting from injuries received in the assault that occurred on November 14, 2022.

While additional test results are still pending with the Pierce County Medical Examiner's Office to determine cause of death, the Tacoma Police Department has opened a homicide investigation regarding this incident.
