Dear Deputy Mayor Hines, Mayor Woodards,

Please...as you make your decisions on what is to be sent for the voters to vote on...please consider:

1. how many of the "initiatives" the residents want to vote on have been included? Remember you have been told already what the residents want to see on the ballot THIS November.
2. How many of these CRC recommendations..that would be a benefit personally for the Council members..have you sent for the voters to vote on?

Cathie Urwin
