RESOLUTION NO. 41588

1 BY REQUEST OF MAYOR WOODARDS, DEPUTY MAYOR HINES, COUNCIL
2 MEMBER WALKER

3 A RESOLUTION providing for the submission of a proposition to the electors of
4 the City at the Special Election to be held on Tuesday, April 22, 2025,
5 that would authorize an increase in the City of Tacoma property tax of
6 \$0.25 per \$1,000 of assessed value for a maximum levy rate of \$1.95 for
7 collection in 2026 and authorize an increase in gross earnings tax on
8 certain utilities in the amount of 2 percent for the sole purpose of funding
9 street repair, maintenance, and safety improvements including
10 pedestrian and bicycle improvements; and directing the City Clerk to
11 transmit to the Pierce County Auditor a certified copy of this resolution.

12 WHEREAS the City of Tacoma, Washington ("City"), is a first-class
13 charter city, and

14 WHEREAS Tacoma's transportation infrastructure is aging, and the City
15 faces significant financial challenges in maintaining its roads, sidewalks, and
16 other critical transportation assets, and

17 WHEREAS voters approved Propositions No. 3 and A in 2015, which
18 created the original Tacoma Streets Initiative ("Tacoma Streets Initiative I")
19 which was a transformative step in addressing long-standing issues related to
20 residential street conditions, pedestrian safety, and neighborhood accessibility,
21 and

22 WHEREAS, by increasing utility taxes and property taxes, as well as the
23 City's Transportation and Benefit District imposing a sales and use tax of 1/10th
24 of 1 percent, the Tacoma Streets Initiative I secured \$397 million over a
25 ten-year period by leveraging the tax dollars, surpassing the initial target of
26 \$325 million, and

1 WHEREAS these funds have been essential in resurfacing residential
2 streets, repairing potholes, and extending the lifespan of street surfaces through
3 proactive maintenance measures, as well as installing school crossing
4 beacons, enhancing pedestrian crosswalks, and building and upgrading
5 sidewalks, adding bike lanes, and creating safe routes to schools, and

6 WHEREAS the Tacoma Streets Initiative I also enabled the City to
7 leverage its local funding to secure over \$135 million in state and federal grants,
8 and

9 WHEREAS this strategic approach effectively doubled the impact of the
10 voter-approved funds, resulting in anticipated improvements to more than 6,000
11 residential blocks, exceeding the initial target of 5,600 blocks, and

12 WHEREAS, despite these achievements in residential streets, the 2023
13 Pavement Condition Index (PCI) assessment revealed a decline in arterial road
14 conditions, with a 22 percent decrease over the past decade, and

15 WHEREAS this decline is a clear indication that Tacoma's infrastructure
16 is still not keeping pace with the growing demands of a vibrant and expanding
17 city, and

18 WHEREAS the expiration of the Tacoma Streets Initiative I funding, for
19 property taxes and gross earning tax on certain utilities, is December 2025, and
20 February 2026 respectively, presents a critical juncture for the City, and

21 WHEREAS, street repair needs are perpetual, and ongoing investment is
22 critical to maintain the streets repaired under Tacoma Streets Initiative I and to
23 continue to improve the condition of the overall street system; and

WHEREAS the new initiative, “Tacoma Streets Initiative II”, seeks to build on the successes of its predecessor by continuing to focus on arterial road improvements, equity and accessibility as well as Vision Zero and safety enhancements and multimodal connectivity, and

WHEREAS, to fund the Tacoma Streets Initiative II, the proposal includes a 2 percent increase in gross earnings tax on utilities including natural gas, electric and phone utilities, resulting in an increase of approximately \$26 more annually for the typical household, and a property tax increase of \$0.25 per \$1,000 of assessed value, which equates to an additional increase of \$72 per year for the average homeowner, or \$6 a month, and

WHEREAS building on the success of Tacoma Streets Initiative I, the Public Works Department aims to secure an anticipated \$25 million a year through matching grants and strategic partnerships, leveraging Tacoma Streets Initiative II funds as a critical component for grant matching, and

WHEREAS the Tacoma Streets Initiative II is more than just a continuation of past efforts; it is a forward-looking investment in Tacoma’s future, and

WHEREAS this investment will transform the streets of Tacoma in alignment with a first-class city, benefiting future generations, and

WHEREAS the community survey conducted in 2024 revealed that only 24.3 percent of residents are satisfied with the condition of major streets, underscoring the need for ongoing investments, and

8 language; Now, Therefore,
